FOREWORD

Due to the unusual conditions existing during the past year, and to the activities of the Federal Government in connection therewith, both the control of Town activities and the reporting on same, have been unusually complicated.

In reporting relief, numbers instead of names are used to conform to the Government's wish. Town expenditures have been grouped in the hope that the taxpayer may be able more easily to get a clearer idea as to where his money has been used.

If further details are desired, the Selectmen's office is open during business hours; any interested person will be cheerfully aided in securing proper information.

In order to show the amount of benefit to the Town from Federal operations, the following payroll summaries are given:

From CWA	Mosquito Control	\$4,478.25	
	Highways, etc.	4,709.25	
	Snow Removal	197.95	
			\$ 9,385.45
From FERA	Highways and Bridges		2,929.18
			<hr/>
			\$12,314.63

Your Board of Selectmen thank the citizens for their cooperation, and the workers for their loyalty during the year. It is this cooperation alone which has placed the Town of Clinton in the highest group in Hartford for efficient use of Government aid.

Respectfully,

A. H. STEVENS,
First Selectman

ANNUAL TOWN MEETING

OCTOBER 2, 1933

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That the report of the Town School Committee be accepted as printed.

VOTED: That an appropriation of Thirty (30) dollars be made from the Town Treasury as a compensation of Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40) Dollars be and the same is hereby appropriated to the Veteran Association of the town for the purpose of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourns it adjourn to the first Monday of March 1934.

VOTED: That Horace H. Andrews be appointed a peace officer for the ensuing year at a salary to be fixed by agreement with the Selectmen.

BE IT RESOLVED, That the Board of Selectmen of the Town of Clinton be and they hereby are authorized, empowered and directed to make application to and negotiate with the Administrator, Federal Emergency Administration of Public Works for the allocation by the United States of the sum of Fifty Thousand Dollars (\$50,000) to be utilized by said town for the construction of anticipated State Aid Roads in said town, and all in accordance with the provisions of Sections 202 and/or 203, 206, 207, and 208 of the National Industrial Recovery Act passed by the Congress of the United States June 13, 1933 and approved by the President June 16, 1933.

BE IT FURTHER RESOLVED, That said Board of Selectmen be and they hereby are authorized, empowered and directed to enter into and execute in the name of the said Town of Clinton any and all contracts or agreements, and to execute any and all papers, documents or instruments of every nature whatsoever necessary, required or advisable in connection with the foregoing matters.

BE IT FURTHER RESOLVED, That the Board of Selectmen of said Town and/or any other proper official of said Town be and they hereby are authorized, empowered and directed, in the name of and for and in behalf of said Town, to issue and execute any bonds, obligations or other evidences of indebtedness of said Town in an amount or amounts not exceeding said sum of Fifty Thousand (\$50,000) Dollars, as may be required for the allocation by the United States of said sum to said Town for the construction of said anticipated State Aid highways; provided, however, said bonds, obligations or evidences of indebtedness shall bear interest at a rate not exceeding 4 per cent per annum, and said bonds, obligations or evidences of indebtedness shall be in serial form and shall mature not later than thirty years from the date of the issue thereof and shall be of such a nature as to conform to the requirements of any applicable statute of the State of Connecticut and to the requirements of said National Industrial Recovery Act.

BE IT RESOLVED, That the town of Clinton declares its intention to build or improve a section or sections of road or to build or improve a bridge or bridges under the provisions of the statutes relating to State Aid roads, and the sum of \$2,500 Dollars, or so much thereof as may be required to pay the amount of the pro rata share of said town of the costs of such construction or improvement under the provisions of the appropriation allotted to the Highway Commissioner, is appropriated for such purpose, and the Town Treasurer is authorized and directed to pay said amount to the State at the times and in the manner provided by law. Resolved, that the Selectmen are authorized and directed to make application to the Highway Commissioner, in the manner provided by law, for an allotment of \$10,000 for the construction or improvement of roads or bridges in this town under the laws and appropriation.

VOTED: That the vote taken at the Special Town Meeting held March 22, 1933 authorizing the payment of a bounty on vermin be rescinded.

VOTED: That the resolution passed at previous town meeting directing the laying of sidewalk on Maple Ave., be observed during the coming year by the Selectmen.

ADJOURNED ANNUAL TOWN MEETING

MARCH 5, 1934

VOTED: That a tax of fifteen (15) mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made

and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 5, 1934, and one half July 17, 1934.

VOTED: That Daylight Saving Time be observed in this Town (as far as may by law be permitted) during the usual season therefor.

SPECIAL TOWN MEETING

JUNE 15, 1934

NOTE: At a Special Town Meeting held on June 15, 1934 and at the various adjournments thereof long and involved votes were passed providing for the issuance of \$57,000 3¼% Funding Coupon Serial Bonds of the Town of Clinton, payable in equal yearly amounts of \$3,000. As these votes would entail more space and printing in this report than seems practicable, the above brief statement is substituted. The record of the votes in full are in the Town Meeting Book, Vol. 4, Pages 101-107 in the office of the Town Clerk of Clinton, and the bonds were duly issued and sold to Lincoln R. Young & Co., 18 Asylum Street, Hartford, Connecticut, for 100¼ plus accrued interest.

The Report Of The SOCIAL SERVICE WORKER

The Emergency Relief Commission of the State of Connecticut has set down some relief standards which are expected to be carried out in each community cooperating with this Commission.

"The relief allowed is to be adjusted to the actual needs of each individual or family. The amount of relief to be given must be based upon the following:

(1) An estimate of the weekly needs of the individual or family including an allowance for food, sufficient to maintain physical well being, for shelter, the provision of fuel for cooking and for warmth when necessary, medical care and other necessities. Taxes may be allowed in lieu of rent, and not to exceed the normal rent allowance—providing such tax allowance is necessary in order to maintain the shelter or home of the relief recipient.

(2) An estimate of the weekly income of the family including wages or other cash income, produce of farm or garden and all other resources.

(3) The relief granted should be sufficient to provide the estimated weekly needs to the extent that the family is unable to do so from its own resources.

The obligation exists to develop maximum efficiency and economy in the furnishing of relief, with a minimum of delay in providing relief.

Duplication of relief must be avoided and every precaution should be taken to prevent overlapping of relief agencies both public and private." Duplication may be avoided by a clearing house being established especially for Holiday giving.

(The above is quoted from Rules and Regulations for Relief Administration.)

To follow the above standards a certain amount of Interviewing, Investigation and Record Making has been necessary. To aid the local Relief Official, the First Selectman, in all this the Emergency Relief Commission appointed a Social Service Worker.

It has been the duty of this worker to interview all applicants whether applying for work or direct relief, setting down as complete a record as possible, of the interview for use in the future. All information given during this interview or procured in any other way is considered strictly confidential and is used only as a basis for fixing the amount of relief to be given. This interview is then followed by a home visit when additional information is obtained. Enough home visits must be made from time to time to keep the records up to date as to changes in the family needs, number of the members of the family employed, illnesses, home food supply from gardens or farm and any other changes. Additional information is obtained from any other reliable source possible in the community.

All this information plus a consideration of the ability to handle earnings, ability, willingness and efficiency to work, the amount that has

supported the family in the past, helps in the decision as to kind and amount of relief to be given. The following is taken from a letter from the State Relief Administrator: "Since money is not available to employ all able-bodied relief applicants, they should be selected and maintained on the job primarily upon the basis of

- (a) qualifications for the work to be done
- (b) willingness and desire to work."

The amount of money spent on relief the past year has been large and may be just as large if not larger this coming year. Work relief has been given when possible much to the satisfaction of the person involved. Receipts from CWA, FERA, PWA and other sources have made more work possible than with local funds alone.

Every effort has been made and is continuously being made to determine the legal settlement of applicants that responsibility may be either assigned to another Town or definitely accepted by the local community.

Only part of this work for this year has been done by the Social Worker, the first eight months work having been carried by the various members of the Board of Selectmen along with their many other duties. It has been a pleasure to work with this group of officials as well as the residents of the Town of Clinton. There has not been enough time to become acquainted with all those in the community interested in such work, but as time goes on, it is the hope of your Social Service Worker to become better acquainted with you and be of more value to you in the community.

Respectfully submitted,

JOSEPHINE DAVIS.

FEDERAL COMMODITY REPORT

Surplus Commodities have been bought by the Federal Government from time to time from the producers. Amounts of these commodities based upon the number reported to the Emergency Relief Commission have been assigned to the local communities. The following is the report for Clinton:

- 51¼ tons Coal
- 810 lbs. Pork
- 14 bags Flour
- 756 lbs. Beef
- 36 lbs. Lard
- 210 lbs. Butter
- 48 lbs. Cereal
- 4 Blankets
- 611 lbs. Garden Seeds
- 1000 lbs. Fertilizer
- 400 lbs. Grass Seed for use on School Grounds.
- 60 Families have shared in the above commodities.

REPORT OF THE HEALTH OFFICER

To The Board of Selectmen, Clinton, Conn.
Gentlemen:-

As health officer of your town, the law requires a statement concerning the health condition for the past year.

This community has been free from any communicable disease in epidemic form, and the general health during the year has been very good. There were a few communicable cases, whose origin could not be located, these being isolated and recovering without additional illness.

The excellent work of our Public Health Nurse Association and the cooperation of parents and townspeople is again to be commended.

Inoculations against diphtheria and vaccination against small pox have continued in the school, leaving only new pupils requiring attention.

Nuisances reported to me have been few, and these, following investigation and notification, have been willingly remedied. May I again call attention to complaints that have come to me of out-door incineration, and I would suggest that before carrying out this method of disposal the direction of the wind be noted, and avoidance of unpleasant odors in objectionable quarters be thus eliminated.

Your cooperation for a clean and healthy town is, I assure you, appreciated.

GRAHAM O. WELLMAN, M. D.

REPORT OF THE CLINTON PUBLIC HEALTH NURSING ASSOCIATION

A brief account of the Clinton Public Health Nursing Association hereby submitted to the public of this community. The association wishes to express its thanks for the many and varied generosityes enabling it to accomplish the work reported here:

1785 visits were made, an increase of 202, and in two years an increase of 500.

9 deliveries attended.

24 patients taken to hospitals.

16 patients taken to dispensary.

Assisted with 7 operations.

9 children have had eyes cared for.

Our school accomplishments have been free hot chocolate to needy children and combining with the State X-Ray program for the detection of tuberculosis among school children.

This cooperation has been greatly appreciated not only by the people benefitted, but by the association, the Board of Selectmen and the public in general.

CLINTON PUBLIC HEALTH NURSING ASS'N.

By permission of Alfred Stevens, First Selectman.

FOREWORD

The various departments of the Town submit herewith reports for the fiscal year ending September 15, 1935. It is hoped that these reports may prove satisfactory to citizens and taxpayers.

Federal funds through the F.E.R.A. have aided materially in caring for the employable unemployed.

The following has been accomplished with these funds applied to pay rolls only:—

2.4 miles new oiled roads

Curb, sidewalk and parapets at Town Bridge, New Line, Clearing and regrading Grove Street at site of old Bacon House.

Widening Hurd Bridge

Road to new dump (under construction)

Approaches to "3 Bridges" so called.

500 feet Cobble gutter on Long Hill and Miller Hill.

775 feet Sidewalk on Maple Avenue.

Surveying: This work leads to completing an accurate map of the town boundaries, roads, etc:

Under "Analysis of Highway Costs" comparison of total individual earnings is impossible without access to Federal payrolls.

The Social Work Department fills a vital and, under present conditions, indispensable need. The distribution of Federal commodities, elaborate investigations to be made in setting up the new old age pension and subsequent checking of changing conditions, checking and certifying needs for employment, all under exacting Government system compel the carrying on of this department.

The scientific control of direct relief alone results in savings that practically cancel the salary paid.

Respectfully submitted,

Board of Selectmen

A. H. STEVENS,

First Selectman

ANNUAL TOWN MEETING

OCTOBER 1, 1934.

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30) dollars be made from the Town Treasury as a compensation of Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40) dollars be and the same is hereby appropriated to the Veteran Association of the town for the purposes of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourns it adjourn to the first Monday of March 1935.

RESOLVED: That the Selectmen procure a new place or grounds for future Public Dumping Grounds.

RESOLVED: That the Town appropriate a sum not to exceed Three Hundred (\$300) Dollars for the spraying of the Elm trees in Clinton for the year of 1935.

NOTE: At the Annual Town Meeting at its session on October 2nd, 1933 a long and involved Resolution was passed relating to a loan and grant from the Federal Emergency of Public Works. Whereas it seemed advisable to rescind said vote in order to obtain a grant from the United States to aid in the construction of highways in this town, said vote was rescinded at the Annual Town Meeting October 1st, 1934 and a new resolution was passed at said meeting providing for a grant by the United States for part payment of the construction of roads and bridges in said town. As these votes in full would entail more space and printing in this report than seems practical, the above brief statement is substituted. The

record of the votes in full are in the Town Meeting Book Vol. 4 Pages 111, 112, 113 in the office of the Town Clerk of Clinton.

VOTED: That the Selectmen be authorized to extend streets lights from Morgan's Barn on High Street into Post Town.

BE IT RESOLVED that the Town of Clinton declares its intention to build or improve a section or sections of roads or to build or improve a bridge or bridges under the provisions of the Statutes relating to State Aid Roads, and the sum of \$2,500.00 dollars (Towns portions), or so much thereof as may be required to pay the amount of the pro rata share of said town of the cost of such construction or improvement under the provisions of the appropriation allotted to the Highway Commissioner, is appropriated for such purpose, and the Town Treasurer is authorized and directed to pay said amount to the State at the times and in the manner provided by law. Resolved, that the Selectmen are authorized and directed to make application to the Highway Commissioner, in the manner provided by law, for an allotment of \$10,000.00 (State and Town Share) for the construction or improvement of roads or bridges in this town under said laws and appropriation.

VOTED: That this meeting adjourn until the first Monday of March 1935.

SPECIAL TOWN MEETING

FEBRUARY 6, 1935

VOTED: That the Selectmen and the Town Clerk of the Town of Clinton be authorized, empowered and directed to enter into a contract or grant agreement between the Town of Clinton, Middlesex County and State of Connecticut, and the United States of America in which Paragraph 1 of Part 1 of a Grant Agreement between the above named parties dated as of October 16, 1934 be amended by striking out in said Paragraph 1 the words "Approximately nine tenths (9/10) of a mile of water bound macadam roadway on North High Street," and substituting in lieu therefor the following: "The portion of Nod Road, so-called, from a point at the end of the present improved section thereof extending to Duck Hole Bridge."

Be it further resolved that the above referred to contract shall in all other respects be ratified, confirmed and declared to be in full force.

VOTED: That this Special Town Meeting does now adjourn.

ADJOURNED ANNUAL TOWN MEETING

MARCH 4, 1935

VOTED: That a tax of thirteen mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 6th, 1935 and one half July 17, 1935.

VOTED: That the town celebrate the State Tercentenary. That a committee of five members be appointed by the Board of Selectmen to take charge, with power to appoint sub-committees; to join with the town of Killingworth, if this seems desirable to said town, and determine the method and means of such celebration. That an amount not to exceed One Hundred Dollars be appropriated for this purpose.

VOTED: That Daylight Saving Time be observed in this Town (as far as may be by law be permitted) during the usual season thereof.

SPECIAL TOWN MEETING

JULY 16, 1935

VOTED: That the Selectmen be authorized and empowered to purchase for the use of and in the name of the town of Clinton the property situated on the Northerly side of East Main Street known as the Old Clinton House, and to expend such sums as may seem to them necessary to alter, renovate and maintain said property for the use of the town.

The above resolution was rejected by a vote of 63 yes to 112 no.

SPECIAL TOWN MEETING

AUGUST 6, 1935.

BE IT RESOLVED: That the names of the thoroughfares of the town be revised; and that this revision be entrusted to a committee consisting of the Selectmen of the town, viz: Alfred H. Stevens, Paul M. Watrous, William A. Ward, and of the resident members of the Tercentenary Committee viz: Seward F. Hull, Charles A. Pelton, John W. Prince, George E. Eliot; and that the naming and marking of these thoroughfares constitute one feature of the town's recognition of the tercentenary of the Commonwealth of Connecticut.

Respectfully submitted

CHARLES A. PELTON,

Town Clerk.

THE REPORT OF THE SOCIAL SERVICE WORKER

On the following pages will be found various reports and figures covering the Financial side of the Relief Program of the Town of Clinton.

The Analysis of Direct Relief Expenditures shows the type of aid given in all cases. The Federal Commodity Report includes the types and quantities of Commodities received from the Federal Government, the only expense for these being the delivery from New Haven as shown in the Analysis of Expenditures.

The method of registration and investigation used last year remains the same. Every effort is made to determine the necessary amount for each individual or family changing it as conditions in the group warrant. The same standard of relief as suggested by the Emergency Relief Commission for last year have been considered adequate for this town.

A fine spirit of cooperation has been enjoyed with the Town Officials, Public Health Nurse, various Church and Sewing Societies and individuals in carrying out the Public Welfare Work. Little or no change in the amount of work to be done during the coming year is foreseen.

Respectfully submitted,

JOSEPHINE DAVIS

FEDERAL COMMODITY REPORT

The following shows the kind and amounts of commodities received during the year by the Town of Clinton. 48 families have shared in these. Only those families eligible for relief and not receiving full amount of their budget allowance are eligible for receiving commodities.

Roast Beef 1,296 pounds.
Fresh Veal 1,535 pounds.
Mutton 144 pounds.
Stew Beef 180 pounds.
Canned Veal 144 pounds.
Canned Hamburger 1,200 pounds.
Canned Milk 288 cans.
Rice 192 pounds.
Cabbage 282 pounds.
Potatoes (for food) 1,100 pounds.
Potatoes (for seed) 332 bushels.
Fertilizer 16,600 pounds.
Sugar 50 pounds.
Mattresses, full size 10.
45 inch Sheeting, 89 yards.
63 inch Sheeting, 37 yards.
90 inch Sheeting, 90 yards.
Huck Toweling, 171 yards.
Bath Towels, 90 towels.
Comforters 17.
Fruit Jars, (quarts) 12 dozen.

REPORT OF THE HEALTH OFFICER

September 15, 1935.

To the Board of Selectmen, Clinton, Conn.:

Gentlemen:

As health officer of your town, the law requires, a statement concerning the health condition for the past year.

Vaccination against small pox and inoculation against diphtheria have been completed in the school, leaving only new pupils to receive the necessary attention.

Owing to the fact that Clinton was obliged to entertain a number of unwelcome guests; i. e., measles 162, chickenpox 7, mumps 2, whooping cough 6, during the late winter and early spring, I am unable to give as good a report of the health condition of the town as the year before.

The good work of the Nurse Association and the co-operation of the parents, also the closing of the auditorium to the general public, contributed a great deal toward keeping the number of cases down to the above numbers.

The temporary dump on Commerce street, for a while very irritating to the Olfactory nerve of most of us in the neighborhood, has been discontinued, and a permanent one, of 30,000 cubic yards, opened up in the Mill District section, a little over one mile from the center of town. It is a wide-open-space and the public is invited to use it.

G. O. WELLMAN, M. D.

SIXTH ANNUAL REPORT OF THE CLINTON PUBLIC HEALTH NURSING ASSOCIATION

Our annual report this year shows a great deal more work done than in previous years.

277 new patients were added to our list.

1,563 visits were made, 1,052 of these visits were nursing visits.

9 deliveries were attended.

351 home visits were made to school children.

Our association has come in contact with many other organizations, such as the New Haven Hospital, Grace, St. Raphael, Norwich, Mansfield, New London, Middlesex, Guilford Sanitorium, and New Haven Dispensary.

Our time analysis shows 491 hours spent in the office, 1171 on the district, 45 hours delivery service, 240 hours in travel, and 170 hours in hospital work. At school, 238 hours were spent in the school room, 34 hours travel, and 94 hours in the home, a total of 2,483 working hours.

We appreciate the fine co-operation of our physicians, and the help of the many organizations, and the fine support of our townspeople.

FOREWORD

The various departments of the Town submit herewith reports for the fiscal year ending September 15, 1936. It is hoped that these reports may prove satisfactory to citizens and taxpayers.

A brief statement is given below of work done under government aid.

P. W. A.

At the annual town meeting held October 2, 1933, it was voted to authorize using the town's credit up to \$50,000, to secure aid on completing certain roads and bridges.

The preliminary estimates made, following this vote totaled \$54,370.07. Subsequent meetings approved changes recommended in the plans; the final cost was reduced to \$42,472.03.

The P. W. A. has to date paid \$9,868.07, the town \$373.68. State Highway Funds carried the balance. The town owes \$501.77. A balance due the town from the P. W. A. will more than cover all town expenses.

This covers 4,514 ft. of Nod Road, Kelsey's Bridge and approaches; and one half of Duck Hole Bridge; the other half was paid by Madison.

W. P. A.

Payments supplied by this organization, with State, Town Aid Funds have completed the following works:—

2.2 miles of new road.

1.3 miles of old roads, rebuilt.

1.5 miles of road ready for gravel and oil.

Stone parapets on north side of Town Bridge.

Completion of the Public Dump.

F. E. R. A.

This was succeeded by the W. P. A. It had provided for surveying and mapping the town and monumenting its boundaries. Enclosed is a reduced size copy of the map.

Under "Analysis of Highway Costs" comparison of individual earnings is impossible without access to Federal payrolls.

The Social Work Department, under Mrs. Reynolds, deserves the highest praise for effectiveness and economy, accomplished with a truly human touch.

The Board also expresses appreciation to all those in every department who are contributing so fully to the high standards toward which your town is aiming.

Respectfully submitted,

BOARD OF SELECTMEN.

A. H. STEVENS,
First Selectman.

ANNUAL TOWN MEETING

OCTOBER 7, 1935.

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30.) Dollars be made from the Town Treasury as a compensation of Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40.) Dollars to be and the same is hereby appropriated to the Veterans' Association of the town for the purposes of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000.) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500.) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourn it adjourn to the first Monday of March, 1936.

RESOLVED: That the Town appropriate a sum not to exceed Three Hundred (\$300.) Dollars for the spraying of the Elm trees in Clinton for the year 1936.

VOTED: That the Town of Clinton approve of the discontinuance dated October 4, 1935 by the Selectmen of the Town of Clinton of the present unimproved section of the highway extending from Nod Road to the Air Line Road near the residence of Louis Terray.

VOTED: That the Town of Clinton approve of the discontinuance dated September 13, 1935 by the Selectmen of the Town of Clinton of the present unimproved section of the highway known as Nod Road which is located in said Town of Clinton and which lies between the termini of a new section of improved highway, passing through land of William W. Meyer over the right of way conveyed to said Town of Clinton by Quit Claim Deed from said William W. Meyer, said deed being dated the 11th day of June 1935, in Book 25, page 230, of Clinton Land Records, said new section of said improved highway having been fully completed.

RESOLVED: That the Clinton Cemetery Association, Inc., of Clinton, Connecticut, be given charge of the town's interest in the Indian River Cemetery.

VOTED: That an appropriation of Five Hundred (\$500.) Dollars be made to the Clinton Cemetery Association, Inc.

VOTED: That the Selectmen be and they are hereby instructed forthwith to hire a full time officer the whole year around to watch the beach properties within the town.

VOTED: Whereas the Town of Clinton received in 1892 from Frances Morgan Quintard the gift of the Town clock, installed in the tower of the Congregational Church as the most available location; and whereas experts have pronounced that the crack in the bell of that church was caused by the striking of the hours during the nights of the last two severe winters; and whereas the replacement of the present bell will entail an expense approximating one thousand dollars, and whereas this new bell will be used in the service of both Town and Church; therefore be it voted:—That the Town of Clinton appropriate 75% of the costs of replacement, not to exceed seven hundred fifty dollars and the Church to assume 25% of the cost.

VOTED: That the Selectmen be directed to install street lights from Morgan's Barn on High street into Posttown.

VOTED: That the vote passed at the special Town Meeting, August 6, 1935, to rename the thoroughfares of the Town of Clinton, be rescinded, and the names of thoroughfares remain the same as before the Special Town Meeting, August 6, 1935.

Moved and seconded that the number of the Board of Education of this town be reduced from the present number of twelve members to seven members.

The above resolution was tabled.

The meeting adjourned to the first Monday of March 1936.

ADJOURNED ANNUAL TOWN MEETING

MARCH 2, 1936

VOTED: That a tax of 15 mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 5th, 1936 and one half July 17th, 1936.

VOTED: That Daylight Saving Time be observed in this Town (as far as may by law be permitted) during the usual season therefor.

Upon the motion duly seconded the following resolution was taken from the table. "That the number of the Board of Education of this town be reduced from the present number of twelve members to seven members.

Upon motion the above resolution was again laid on the table.

Upon motion duly made and seconded the meeting adjourned.

SPECIAL TOWN MEETING

APRIL 8, 1936.

At a Special Town Meeting held on the 8th day of April 1936 there was passed a vote of acceptance of the magnificent gift from Mr. William Stanton Andrews to the Town of a new Town Hall and a further sum of \$100,000.00 as a fund, the income from which to be used to maintain this building. As this vote is very long and involved it is not printed in full but can be seen in Vol. 4 of the Records of Town Meetings at Page 161 et seq on file in the office of the Town Clerk.

SPECIAL TOWN MEETING

MAY 13, 1936.

Resolved that the sale of all alcoholic beverages with meals on Sunday between the hours of 12 noon and 9 p. m. as provided for by Section 730b as amended by the Public Acts of 1935, be permitted in the Town of Clinton.

It was thereupon moved and seconded: That the vote upon the resolution before the meeting shall be by ballot and that the polls be kept open until 6 o'clock P. M. E. S. T. for that purpose, which motion was duly carried.

A ballot was duly cast upon the preceding resolution and said resolution was duly carried in the affirmative. 185 voting yes, 155 voting no.

The meeting duly adjourned.

SPECIAL TOWN MEETING

JULY 15, 1936.

VOTED: That the number of the Board of Education of the Town of Clinton be reduced from the present number of twelve members to five members.

Meeting duly adjourned.

Respectfully submitted,

CHARLES A. PELTON,

Town Clerk.

THE REPORT OF THE SOCIAL SERVICE WORKER

The figures on the following pages give the analysis of the Direct Relief Expenditures.

The Federal Commodity report shows the types and quantities of Commodities received from the Federal government.

Twenty Old Age awards have been granted in the Town of Clinton since April 25, 1936. The clients who have received these awards have a greater feeling of independence and security.

The fact that clients seeking relief can explain their problems to a Social Worker often reveals to them financial resources which had not at first been apparent to them.

Worker can often contact relatives who will assist financially when the problem is explained to them, thus keeping many people from the necessity of having Town Relief.

There is also the need for people to have someone with whom to discuss the every day human problems. There is a real therapeutic value to these discussions, which helps the client to become a better citizen and an asset to the community.

These Service cases are included in the intangible things which can never be shown on a report. They are evidenced in the greater harmony and spiritual growth in the Town.

Your present Worker appreciates the very fine spirit of cooperation and loyalty shown by the Town Officials, Public Health Nurse, Churches and individuals.

Respectfully submitted,

MARJORIE T. REYNOLDS.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I am happy to report that the school year recently ended has been a very satisfactory one for the public schools of Clinton. With a school building well planned and equipped, a capable principal, and a staff of competent teachers we have been able to provide for the pupils a type of instruction which compares favorably with that offered in other schools of the state. Visiting school principals from New Haven, Norwich, and other towns about the state were very kind in their comments as to the general quality of the school. Dr. Noble, in charge of teacher training at the Wilimantic State Normal School, also voiced his approval of our educational procedure.

Extra curricula activities are recognized as a valuable meanss of education, tending as they do to stimulate pupil interest in school work, to develop character and personality, and to train the children in cooperative action.

We have endeavored to plan such activities in the Clinton Grammar School in a manner that secures the widest possible degree of pupil participation without taking too much time away from the regular school program. The large attendance at the public affairs conducted by the school has evinced an interest on the part of the townspeople that has been very gratifying and stimulating to both teachers and pupils. We would very much like to have more parents visit the school during the regular sessions. Such visits give parents a first hand knowledge of conditions in the schools, often prevent or obviate misunderstandings, and bring into personal contact the representatives of the two most important factors in the child's life, the home and the school. Such contacts make for a spirit of cooperation that is bound to react to the advantage of the children.

Although the handling of school finances has not come within my personal province, I feel that I should express the opinion that the town's money spent for schools has been carefully and intelligently applied to secure the largest possible returns in educational values. Although no money has been wasted the policy of the Board of Education has never been niggardly. Supplies and equipment have at all times been adequate for the carrying on of the school program.

If the injection of a personal note into a report of this kind may be pardoned, I wish to express my very warm appreciation of the many kindnesses which have been shown me by the people of Clinton during my tenure as Superintendent.

Respectfully submitted,

JOHN C. CARR, Superintendent.

REPORT OF THE HEALTH OFFICER

September 21, 1936.

To the Board of Selectmen, Clinton, Conn.
Gentlemen:—

As health officer of your town, I make the following statement regarding the health condition of the past year as required by law.

A few sporadic cases of measles, whooping cough and chicken pox have been noted, but no epidemic of communicable diseases has occurred.

Vaccination and inoculation have been carried on as usual and will be completed before the end of the year.

The cooperation of the Nursing Association with the parents in maintaining the health of the youth of the town has been marked and is duly appreciated.

The sanitary conditions are better than last year, with fewer complaints, which have been promptly investigated and remedied where deemed essential. I would again call the attention of the public to the dump for the reception of rubbish which was established last year in the Mill District section and which has eliminated objectionable places near main highways and in residential neighborhoods.

G. O. WELLMAN, M. D.

PUBLIC HEALTH NURSING ASSOCIATION

Our seventh annual report shows many new patients using our service.

Each year the nursing service increases, and this year a total of 1,291 nursing visits, last year 1,052 nursing visits, and the total visits for the year were 1,775 visits.

Our time analysis shows 350 hours in the office, 1,461 in the field in comparison to last year 1,171. 21 hours and 30 minutes on delivery service, 333 hours were spent on travel, 97 hours on hospital work, and total hours was 2,262 hours and 30 minutes.

The Clinton Public Health Nursing Association has been active in many ways. Children have had eyes examined and glasses bought, some hospital bills have been paid. 43 patients were taken to hospitals during the year. 2,262 cups of hot chocolate were given for school children's lunch.

Many sick-room supplies were loaned during the year.

We appreciate the support of the physicians, and also the support of the people of the community.

Respectfully submitted,

EDITH C. MEAD, R. N.

FOREWORD

This report contains three new items to which attention is particularly directed, viz:

1. Board of Education's estimate for the ensuing year, to be approved at the Annual Town Meeting on October 4 instead of March, 1938.
2. Report and remarks of the Board of Auditors.
3. Report of Police Department.

In reference to first paragraph of "Auditors' Remarks", it should be noted that under a recent statute the State Commissioner of Taxes is directed to set up a uniform system for all towns. He is working on this. Nothing of permanent value can be done until he issues instructions.

Your town is in excellent financial condition, as shown by the following figures:—

Cash balance 1937	\$ 31,595.71
Cash balance 1933	10,085.35
<hr/>	
NET GAIN	\$ 21,510.36
Indebtedness 1933	\$127,500.00
Indebtedness 1937	101,000.00
<hr/>	
Reduction in debt	\$ 26,500.00
<hr/>	
GAIN IN FOUR YEARS	\$ 48,010.36
Interest on all borrowing	
1933-4 exclusive school bonds	\$ 4,380.93
1936-7	1,952.22
<hr/>	
Saving in interest	\$ 2,438.71

It is urgently recommended that the cash balance be maintained, in order to save borrowing, as far as possible, during the period between October 4 and the following May. The town has no income during this period.

The Board of Selectmen is deeply grateful to all those who serve the town, for their loyal and economical management.

Respectfully submitted

Board of Selectmen,

A. S. STEVENS,
First Selectman.

ANNUAL TOWN MEETING

OCTOBER 5, 1936

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30.) Dollars be made from the Town Treasury as a compensation of Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40.) Dollars be and the same is hereby appropriated to the Veterans' Association of the town for the purpose of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000.) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purposes of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500.) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting ajourns it adjourn to the first Monday of March 1937.

RESOLVED: That the Town appropriate the sum not to exceed Three Hundred (\$300.) Dollars for the spraying of the Elm trees in Clinton for the year 1937.

VOTED: That an appropriation of Five Hundred (\$500.) Dollars be made to the Clinton Cemetery Association, Inc.

RESOLVED: Be it resolved that the Town of Clinton declares its intention to build or improve a section or sections of road or to build or improve a bridge or bridges under the provisions of the statutes relating to the State Aid Roads, and the sum of \$2,500 Dollars, (Town's Portion) or so much thereof as may be required to pay the amount of the pro rata share of said town of the cost of such construction or improvement under the provisions of the appropriation allotted to the Highway Commissioner is appropriated for such purpose, and the Town Treasurer is authorized and directed to pay said amount to the State at the times and in the manner provided by law. RESOLVED, that the Selectmen are authorized and

directed to make application to the Highway Commissioner, in the manner provided by law, for allotment of \$10,000.00 (State and Town Share) for the construction or improvement of roads or bridges in this town under said laws and appropriation.

VOTED: That the Town of Clinton approve of the discontinuance dated April 17th, 1936 by the Selectmen of the Town of Clinton of the present unimproved highway extending along the westerly and southerly boundaries of the property of Louis Hesel, from the present improved highway known as Glenwood or Mill District Road, at the north end of property of Louis Hesel to the same highway at the southerly end of the same.

In exchange for said abandoned road, said Hesel shall grant to the Town of Clinton a certain piece of land along his easterly boundary, as agreed with the Board of Selectmen, to widen the improved highway so as to conform with the parts of same north and south of said property.

VOTED: That the Town of Clinton approve of the discontinuance dated October 2nd, 1936 by the Selectmen of the Town of Clinton of the present unimproved highway known as Burncoat Road.

VOTED: That the Town of Clinton approve of the discontinuance dated October 2, 1936 by the Selectmen of the Town of Clinton of the present unimproved highway known as Spencer Hill Road extending from River Road northerly to the Killingworth town line.

VOTED: That the Selectmen be, and they hereby are authorized, to execute and deliver to the Clinton Rod and Gun Club, Inc. a lease for a period not exceeding 10 years of such portion of the land belonging to the Town of Clinton as lies immediately East of the Cobb Bridge so-called for such an annual rental as may be approved by said Board of Selectmen.

VOTED: That the local license fee for itinerant venders shall be Fifty (\$50.) Dollars in accordance with Sec. 1252C Cumulative Supplement of the General Statutes of the State of Connecticut, Revision 1935.

VOTED: That the Selectmen shall make no further increase in their salaries or expense accounts until the next Town Meeting.

Moved and Seconded:

That the salary of the Secretary of the Board of Education shall not exceed one hundred (\$100.) dollars,

The above resolution was tabled.

The various Town Officials as declared elected by the Moderator of the Town election were read to the meeting and the Moderator of the Annual Town Meeting duly declared the same elected.

The meeting adjourned to the first Monday of March 1937.

ADJOURNED ANNUAL TOWN MEETING

MARCH 1, 1937

VOTED: That the Selectmen make all proper applications to the proper State authorities for any and all Town Aid Funds which are due or

which may become due the Town of Clinton when and if such funds become available.

That the Selectmen be and they hereby are authorized to reimburse the State of Connecticut for any funds it may expend on behalf of the Town of Clinton with respect to the 1937 Town Aid Funds in the event that Town Aid Funds do not become available.

VOTED: That Daylight Saving Time be observed in this Town (as far as may by law be permitted) during the usual season therefor.

VOTED: That a tax of 15 mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 5th, 1937 and one half July 17th, 1937.

RESOLVED: That at all adjourned Annual Town Meetings called to declare a tax rate for the current fiscal year on the Grand List of the town, last made, such Grand List in comparison with the Grand List of the town for the preceding year shall be read.

After informal discussion; upon motion duly made and seconded the meeting duly adjourned.

SPECIAL TOWN MEETING

JULY 9, 1937

Motion was made as follows:

"RESOLVED that the Board of Selectmen of the Town of Clinton be authorized and instructed and they are hereby authorized and instructed to purchase at a price not to exceed \$11,000.00 that property generally known as the Smith property consisting of approximately 160 feet on the water front and extending north to the south side of the Beach Road, with one cottage and garage thereon standing and situated in Clinton Beach on the Long Island Sound in the Town of Clinton, Conn.

"Be it further resolved that the purpose of this purchase is to create a bathing beach for the use and enjoyment of the residents and taxpayers of the Town and that it shall at all times be under the control of the Board of Selectmen or their duly appointed agents.

"The Selectmen are also hereby authorized and instructed to borrow the necessary funds for this purpose."

Motion was indefinitely tabled.

Respectfully submitted,

CHARLES A. PELTON,
Town Clerk.

JOHN J. GLYNN,

Auditors.

AUDITORS' REPORT

Your auditors examined the books and reports of the board of selectmen, the town treasurer, the tax collector, the board of education, and verified the balances of the Town and School special deposit funds. Your auditors have the following comments and suggestions to offer:

SELECTMEN'S REPORT. There is no modern accounting system maintained in Selectmen's office: no ledger, pay-roll book, purchase book or journal. One large book, entitled, "ANALYSIS OF SELECTMEN'S ORDERS, TOWN OF CLINTON, CONN." ruled under 16 headings, some now obsolete, is the only book of record.

An auditor cannot vouch or certify on costs, etc., because of handicap under which your selectmen must always suffer until Town inaugurates a modern system of accounting in that department. Checks drawn by selectmen and such comparisons as could be made were found correct.

TOWN TREASURER'S REPORT. A Cash Book is kept. It was examined and found correct. The cash balance on hand, \$31,595.71, was certified to by the First National Bank of Clinton as being on deposit with them. Town Treasurer is a bonded officer. The bond was examined. Your auditors submit in brief summary cash receipts and percentages for the year.

TAX COLLECTOR'S REPORT. His books are kept on records supplied by the State in its effort towards "uniformity in accounting." He is subject to yearly examination from State Dept. He is bonded. Bond was examined. "Tax Abatements", \$245.52 for current year. This item was examined. Reasons for abatement are on record.

BOARD OF EDUCATION: Account book used is on form supplied by State. Figures were verified. Budget for ensuing year should appear in yearly reports published by selectmen.

SUMMARY

TOWN TREASURER'S CASH RECEIPTS

Total receipts for fiscal year	\$169,608.14
Deduct cash on hand Sept. 17, 1936	19,143.26
Leaves gross cash receipts for period	\$150,464.88
Deduct borrowed money	40,000.00
TOWNS NET CASH INCOME FOR YEAR	\$110,464.88

Where It Came From

Town taxes collected \$ 89,716.71

From STATE:

Highway Dept.	\$ 9,552.06
Liquor Permits	1,650.00

SCHOOLS

Elementary School Transportation	1,236.49
High School Tuition	1,675.00
Enumeration Grant	591.75
Other items, library, etc.	94.75
Commissioner of Welfare	1,002.04
Fines	348.92
All other State sources	1,052.53

TOTAL MONIES FROM STATE	\$ 17,203.54
U. S. Govt. Grant (P.W.A.)	\$ 2,641.51
Dog Licenses (Town)	326.21
All other town income, refunds, reimbursements, etc.	576.91

TOTAL \$110,464.88

81% of income came from taxpayer
 15½% of income came from State
 2½% of income came from U. S. A.
 1% of income came from town

100%

AUDITORS' REMARKS

1. It is respectfully suggested that the town adopt approved accounting methods. Auditors could not examine Town Ledger or Resources and Liabilities of Town as shown therein because no accounts dealing therewith are set up.

2. Owing to the increase in growth of town transactions of every nature the time allowed town auditors for proper audit of town affairs makes their audit, at best, "sketchy." The fiscal year ends September 15. Auditors are, by custom, called in then. The Annual Town Meeting follows on first Monday in October. Meantime the Selectmen have to print and distribute the Annual Town Report, but the auditors have to audit and verify all reports before Selectmen can have printing done.

Auditors to do a thorough and conscientious job have to physically examine several thousand vouchers consisting of bills, cancelled checks, papers appertaining to officers' reports, etc. It is next to an impossibility to do it in time at their disposal.

Auditors suggest that town affairs be audited at least twice a year. They express their thanks to all town officers for the cooperation and courtesy extended them.

September 18, 1937.

WILLIAM H. DAY
JOHN J. GLYNN,

Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit herewith the Annual Report of the Superintendent of Schools covering the Clinton Grammar School and the Morgan High School in the Town of Clinton, Connecticut for the school year 1936-37.

TEACHERS FOR 1936-37

Clinton Grammar School

Mrs. Grace S. Hadlock	Special Teacher
Miss Frances C. Burt	First Grade
Miss Barbara L. Ullrich	Second Grade
Miss Charlotte B. Dowd	Third Grade
Mrs. Martha Kubista	Fourth Grade
Miss Florence Dillon	Fifth Grade
Mr. Wilton J. Moyer	Sixth Grade
Miss Louise E. Williams	Seventh Grade
Miss Edith M. Northrop	Eighth Grade and Principal

Morgan High School

Mr. George L. Scott	Superintendent and Preceptor
Mr. George E. Eliot	Preceptor Emeritus
Mr. Walter W. Moore	Mathematics and Science Department
Miss Effie A. Good	Commercial Department
Miss Elizabeth R. Goodrich	Modern Languages Department
Mr. Ernest E. Howarth	Latin Department (From Sept. 1936-Feb. 1937)
Mr. Robert G. Lewis	Latin Department (From Feb. 1937-June 1937)
Mr. Edwin J. Clapp, Jr.	English Department
Mr. George C. Bartlett	Orchestra

ATTENDANCE STATISTICS*

Grade	Enrollment	Average Registration	Average Attendance
1	34	32	25.5
2	25	23.5	20.92
3	29	27.5	22.47
4	32	30.5	27.5
5	32	31	25.92
6	20	19.5	17.05
7	32	29	26.0
8	20	20	17.72
Morgan School	72	64	62.28

*These figures include Clinton pupils only.

By virtue of the fact that direction, administration, and supervision of the Morgan High School is a major part of his work, the Superintendent of Schools is fortunate in having an effective, cooperative and efficient Grammar School Principal upon whose shoulders can be transferred responsibility for execution within the Grammar School of the general educational policies established by the Board of Education and the Superintendent of Schools. In like manner the Superintendent of Schools acting in his capacity as Preceptor has been able to integrate and coordinate the policies of the Board of Trustees of the Morgan School with the general educational concepts of the community as expressed through the Board of Education. In this manner it has become possible for the educational interests of the community and the traditional policies of the Morgan High School to be consolidated through the office of the Superintendent of Schools and unified in a continuous program of child development from the elementary through the secondary school level.

An important development of this sort could never be successfully achieved without the full cooperation of the members of the Board of Education and the Board of Trustees. It is my pleasure to commend to the town in this report the work of the interested citizens who make up these Boards. The town should know and appreciate that all members of the Board of Education and of the Board of Trustees have willingly given of their time and efforts to be present at all regular and special meetings held throughout the year where they have cooperated in a friendly, harmonious, intelligent fashion to promote the educational interests of the children of the community. Such cooperation has helped to make it possible for the Superintendent of Schools to report the completion of a year of satisfactory progress and achievement in all branches of the educational system. It is an accepted fact that innovations in educational matters are achieved slowly in accordance with new interests and new demands of society in general. At the same time just as society is never static, so our school procedures must progress.

The backbone of the educational system is made up of its corps of teachers. The credit for the progress of the schools of Clinton must ultimately devolve upon them. For many years they have been executing their responsibilities in highly commendable fashion so that there is no necessity in a report of this type to deal in specific fashion with the work of the individual teacher. The community has appreciated their work and cooperated fully with them in the past and should continue to do so in the future. The parents of children entrusted to their care should know and understand the very high professional spirit of these teachers, all of whom, realizing the necessity of keeping informed as to the developments in subject content and methods have made plans for further education. In the majority of cases these plans have already materialized. During the past summer five Clinton Grammar School teachers and four Morgan

High School teachers have pursued courses of graduate study in various colleges and universities, Yale, Harvard, Columbia, Boston University, and Middlebury.

There is one unfortunate aspect of this very desirable professional interest on the part of the teachers, namely: that as they make themselves more and more valuable to the Clinton schools they attract the attention of larger school systems where increased financial remuneration is an inducement which frequently causes the Clinton system to lose the services of teachers of established effectiveness. The members of the Board of Education are thoroughly cognizant of this situation and are taking steps which will in the course of time correct difficulty. In spite of the additional costs to the community to promote such a policy, it would yield dividends in the future in permitting our children to continue to receive the benefits of instruction by teachers of established reputation and experience.

When I have disposed, in this brief manner, of the faithful work of the teachers in our elementary and secondary schools, certain of the outstanding features developed during the year remain to be surveyed. Through the Superintendent's office the calendars for the school year of the Clinton Grammar School and the Morgan High School have been coordinated so that noon recess, afternoon dismissal, and vacation periods have been arranged at the same time. Purchasing of supplies for both schools has been centralized in one office, thereby making possible savings through quantity buying. In order to serve the interests of the community, orders for supplies for next year were placed before increases in prices became effective.

Through the cooperation of the Board of Trustees of the Morgan School who placed the school building at the disposal of the Superintendent of Schools for that purpose, and the Board of Education who underwrote the expenses of the program, Adult Education classes were organized under the supervision of Mr. V. Roxor Short, Director. The success of the program was gratifying to those who participated in its inauguration. An average attendance of 100 with a peak attendance of 150 adults attended classes which extended over a 10-week period. Through the cooperation of: Mr. V. Roxor Short, Mrs. V. Roxor Short, Mr. John J. Glynn, Miss Anna Roth, Miss Elizabeth R. Goodrich, Mrs. Grace Austin, Miss Effie A. Good, Mrs. George Weiss, Mrs. Martha Kubista, Mr. Wilton J. Moyer, Miss Phoebe Morrison, Mrs. Hunter Soule, Mr. Robert G. Lewis, Mr. Winfred Chapin and Mr. George L. Scott, who gratuitously offered their services, instruction was provided in a great variety of subject matter including classes in: dressmaking, handiwork, orchestra, elementary and advanced art, etching, photography, block printing, elementary and advanced typewriting, psychology, foreign affairs, English grammar, home nursing, dramatics, German, elementary and advanced shorthand, gymnasium for women, gymnasium for men, bookkeeping, elementary and advanced French, choral music, music appreciation, and public speaking. The appreciation

of the community should be extended to Mr. Robert C. Deming, Director of Adult Education of the Connecticut State Board of Education, whose advice and assistance was of inestimable service in organizing and arranging the program. It is to be expected that Adult Education will be continued and extended in the future to become a regular part of the educational service of the school system to the town.

The program of development in the Morgan High School was directed during the year into three major channels: first, a continued enrichment of the courses of study with particular emphasis upon the adaptation of subject matter for pupils of the non-college level, together with special attention to the individual needs of the individual child. As a regular part of the daily program a period was set aside for make-up purposes, during which pupils were free to call upon their teachers for individual help and assistance. Secondly, a regular Parent-Teacher program was inaugurated with meetings held at mid-quarter periods where interesting programs were arranged and opportunity was afforded for parents to discuss with teachers the problems of children involved. Throughout the year the school has made it a point through detailed reports and analysis of pupil difficulties to keep parents informed of the progress of their children. The results, as measured by pupil progress and elimination of failures, have been very gratifying and have indicated that this important Parent-Teacher relationship should be developed further in the future. Finally, individual pupil interests have been satisfied through additional extra-curricular opportunities. It has been the policy of the schools whenever a sufficient number of pupils has evidenced interest in a particular activity, to provide an opportunity for it under adequate direction. As measured by the numbers involved, the boys' and girls' athletic programs have become increasingly popular. The Choral Society, Glee Club, Dramatic Club, School Paper, Photography Club, and Chess and Checker Club have been organized and have come to provide excellent outlets for individual interests.

In the Clinton Grammar School an extra-curricular athletic program for boys and girls in the upper grades has been continued. Competent direction was provided through teacher-coaches who conducted athletics on an extra-curricular basis. In the Grammar School basketball and baseball leagues were formed providing interesting competition with teams representing the grammar schools of the surrounding communities. In order that the work of the pupils in athletics might be coordinated with the regular school health program, the directors arranged intra-school physical education programs on a departmentalized fifth and sixth, and seventh and eighth grade basis in which connection very effective use of the gymnasium was made. Through the Band, Orchestra, Dramatics, School Paper, Art Club, and Operetta groups which have for some time been regular and vital parts of the Grammar School program, extra-curricular avenues of interest were opened for the non-athletically inclined pupils. Examination and correction of hearing difficulties through the use of the state audiometer

were added to round out the list of health activities which previously has included eye testing programs, health examinations, and dental examinations.

In conclusion, may I express my gratitude and appreciation to the parents, the Board of Education, the Board of Trustees, and the community at large for their assistance through helpful cooperation which has gone far to make this school year one of satisfactory service and enjoyment.

Respectfully submitted,

GEORGE L. SCOTT,
Superintendent of Schools.

REPORT OF THE HEALTH OFFICER

September 14, 1937.

To the Board of Selectmen, Clinton, Conn.
Gentlemen:—

Outside of two cases of scarlet fever, one of poliomyelitis and a few chickenpox, Clinton has been fortunate in escaping an epidemic of communicable diseases.

The cooperation of parents and the good school supervisor aided considerably in checking the spread of such cases by proper care when first noticed.

Vaccination against small pox, inoculations against diphtheria have continued in the school.

Inspection of public eating and drinking places, dairies, dumps and sewer disposal locations have been made at stated intervals and found, except in a few cases, in a sanitary condition.

The health and sanitary condition has been very good and past year.

GRAHAM O. WELLMAN, M. D.

Health Officer.

ANNUAL REPORT 1936-1937

CLINTON PUBLIC HEALTH NURSING ASSOCIATION

The Clinton Public Health Nursing Association has added another milestone in the progress of public health nursing in the town of Clinton. In this age of continual change, we have kept pace with the developments of the public health movements throughout the country. Today, the Association is one of many organizations throughout the United States, employing over 20,000 public health nurses, marking time with them in striving to attain perfect health for every individual in the community. It has endeavored to impart knowledge of the facts of life and health, as well as to safeguard both, in their aim to prevent disease and to promote health,

The fact that public health pays, is well demonstrated in this community, for out of the population of 1,700, 330 individuals have availed themselves of the service, and to whom 1,627 visits were made, during the past fiscal year. Less than 4 percent of these visits were made to patients suffering from communicable diseases, showing that the incident of communicable disease in this community has been low. The prevention, control and care of communicable diseases is admittedly one of the major health problems confronting health workers. It calls for the most skillful and complete cooperation between the medical profession, health officer, school physician, teachers, public health nurse, and the laymen of the community. Because of the presence of this cooperation in the town of Clinton, we have been able to insure the health of the community, for which we express our appreciation.

Safeguarding the health of the school children in Clinton has been one of the major objectives of the Clinton Public Health Nursing Association, and was coordinated with other activities of the nurse. These school officials and teachers have cooperated well, since the health of the school child depends upon the joint responsibility of the principal, teacher and nurse. The individual health examinations by the nurse is only part of a well-balanced school health program. During the year, 529 such examinations were made in the nurse's school office, either upon the request of the parent, teacher, or the child coming voluntarily. In the control of communicable disease, the weekly class-room inspections were vital.

These inspections insured the nurse of an opportunity of noting physical defects and symptoms of illnesses as well as teaching health and health habits. The defects discovered were 349 during year, of which a large portion were corrected with the complete cooperation of the family, family physician and dentist. Exclusion from school because of symptoms of illness is another phase of school nursing. 108 children were excluded and parents advised and instructed to consult their family physician. The follow-up program gave the nurse opportunities to observe conditions which

have influenced the health of the child, as well as building up a mutual understanding, sympathy and friendliness between the school and the home. The parents and children have been made to feel that a cooperative enterprise is underway in which all are working together for the improved health of the school child, and in working together no accomplishments are impossible.

Besides the nursing activities, the public health nurse has endeavored to work out policies for better relationship with other agencies in the community. Full cooperation has been obtained from Mrs. Marjorie Reynolds, the town's social worker, rendering a vital service for the well being of the family, mentally and socially, for which we are deeply appreciative. In cooperation alone, can we rely upon to prevent overlapping and confusion in rendering a well-rounded community program.

May we extend our heartfelt thanks to the town, and school officials, physicians and citizens of the town, for their help and advice in carrying out the objectives of public health nursing. As we face another year, may we keep in step with developments of public health, offering a community service to everyone, regardless of circumstances, with efficiency. So, in rendering such service, make for a healthier and happier people, physically and mentally.

Respectfully submitted,

ANNA W. ROTH, R. N.

Public Health Nurse.

FOREWORD

Your town closes another year of progress in spite of many baffling problems.

Due to economic conditions, as well as to others less obvious and too complex for analysis in this brief space, relief has increased. Comparison with other towns will however, show that we have been on the whole, relatively fortunate.

Various other items show increases, due to causes entirely beyond local control.

Nevertheless, the town has met these problems and improved its financial status.

The destruction of two bridges and a quarter mile of new road created an unforeseen problem.

Application for P. W. A. grant to assist in building permanent bridges, is in Washington. The road was immediately rebuilt. Should the P. W. A. approve the bridge application as anticipated, the total cost to the town taxpayers should not exceed \$500.00.

With W. P. A. and Town Aid (from State) funds 2.3 miles of road have been permanently improved.

The outstanding event of the year was the acceptance of the William Stanton Andrews Memorial. It has already proven of great benefit, not only as an office building, but its other facilities have been used by various organizations; thus giving benefit to the community at large.

Its use as a summer theater was approved for two principal reasons:

1. The pleasure it brought both to citizens and neighbors; over twenty thousand people attended.
2. The resulting favorable publicity for the town. Incidental thereto is a large amount spent in the town.

Your Board of Selectmen once again thanks officers and citizens impartially for their fine support.

Respectfully submitted,

Board of Selectmen,

ALFRED H. STEVENS,

First Selectman.

ANNUAL TOWN MEETING

OCTOBER 4, 1937

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30) Dollars be made from the Town Treasury as a compensation of Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40.) Dollars be and the same is hereby appropriated to the Sons of the Union Veterans of the Civil War of the Town for the purpose of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000.) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500.) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourns it adjourn to the first Monday of March 1938.

RESOLVED: That the Town appropriate the sum not to exceed Three Hundred (\$300.) Dollars for the spraying of the Elm trees in Clinton for the year 1938.

VOTED: That an appropriation of Five Hundred (\$500.) Dollars be made to the Clinton Cemetery Association, Inc.

RESOLVED: Be it resolved that the Town of Clinton declares its intention to build or improve a section or sections of road or to build or improve a bridge or bridges under the provisions of the statutes relating to the State Aid Roads, and the sum of \$2,500.00 Dollars (Town's Portion) or so much thereof as may be required to pay the amount of the pro rata share of said town of the costs of such construction or improvement under the provisions of the appropriation allotted to the Highway Commissioner, is appropriated for such purposes, and the Town Treasurer is authorized

and directed to pay said amount to the State at the times and in the manner provided by law. Resolved, that the Selectmen are authorized and directed to make application to the Highway Commissioner, in the manner provided by law, for allotment of \$10,000.00 (State and Town Share) for the construction or improvement of roads or bridges in this town under said laws and appropriation.

VOTED: That the Board of Selectmen of the Town of Clinton be requested, and be and hereby are authorized and empowered to sell and convey to John Cianciolo of Clinton, for a sum of money not less than six hundred dollars, a certain tract or parcel of land commonly known as the Town Plot, located on the State Highway or Post Road, and west of Dibbell's Woods, and measuring about 11 acres, bounded on the north by meadows (or State Highway), on the east by the land of David Dibbell, on the south by meadow land and upland of Z. Silas Wellman, and on the west by land of Z. Silas Wellman, of which about 9 acres are meadowland; and to execute and deliver a suitable deed therefor on behalf of and in the name of the Town of Clinton, and subject to the rights of way on a pent road which runs through the same.

RESOLVED: That the Town of Clinton offer a bounty of \$2.00 for the killing of any fox within the Town of Clinton, said bounty to be paid by the Town Treasurer from the surplus remaining from the amount received for dog licenses during the previous year and upon such evidence of killing as said Town Treasurer shall require.

RESOLVED: That the Selectmen be authorized and empowered to sell and convey the property standing in the name of the town known as the Bolliger property to Ruth H. Porter with the stipulation of reserving to Barbara Bolliger a life use in the same.

The various Town Officials as declared elected by the Moderator of the Town Election were read to the meeting and the Moderator of the Annual Town Meeting duly declared the same elected.

The meeting adjourned to the first Monday of March 1938.

ADJOURNED ANNUAL TOWN MEETING

MARCH 7, 1938

VOTED: That a tax of 15 mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 5th, 1938 and one half July 18th, 1938.

VOTED: That this Town Meeting hereby respectfully petitions the Town Board of Education to establish and conduct a Kindergarten in the Town of Clinton.

After informal discussion, upon motion duly made and seconded the meeting duly adjourned.

SPECIAL TOWN MEETING

JULY 30, 1938

Be It Resolved that the Board of Selectmen of the Town of Clinton be and they are hereby authorized and directed to execute and file an application on behalf of the Town of Clinton to the United States of America, for a Grant to aid in financing the construction:

A 24-ft. span cement rubble masonry bridge over Menunketesuck River and rolled bank run gravel surface approaches on Kelseytown Road and a 24-ft. span cement rubble masonry bridge over Houpert Road.

Be It Further Resolved that the Board of Selectmen of the Town of Clinton and such officers of the town and other persons as may be designated by such Board of Selectmen, are hereby authorized and directed to furnish such information, including papers, documents, or instruments as the United States of America, through the Federal Emergency Administration of Public Works, may reasonably request in connection with the application which is herein authorized to be filed.

Be It Further Resolved that the Board of Selectmen be and they hereby are authorized to enter into agreements for and on behalf of the Town of Clinton with the Highway Commissioner for the construction of said roads and/or bridges.

The moderator put the resolution to a vote and it was adopted by the following vote: 26 yea; 0 nay.

Alfred H. Stevens moved that the meeting be adjourned. The motion was seconded by Charles A. Pelton and adopted.

The meeting adjourned at 3:14 o'clock (P. M.) (D. S. T.)

Respectfully submitted,

CHARLES A. PELTON,
Town Clerk.

HUNTER F. SOULE

THE REPORT OF THE
SOCIAL SERVICE WORKER

The figures on the following pages give the analysis of the Direct Relief Expenditures.

Federal commodities have also been distributed to families on relief.

It has been a great pleasure to be of service to many persons who have been assisted in ways which have not involved material relief.

Your Social Worker wishes to express her sincere appreciation to those who have co-operated with her to serve others.

Respectfully submitted,

MARJORIE REYNOLDS

REPORT OF THE TOWN OF CLINTON

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit herewith the Annual Report of the Superintendent of Schools covering the Clinton Grammar School and the Morgan High School in the Town of Clinton, Connecticut, for the school year 1937-38.

TEACHERS FOR 1937-38

Clinton Grammar School

Miss Edith M. Northrop	Principal and Eighth Grade
Miss Virginia A. Robbins	Eighth Grade
Mr. Ralph W. Goodrich	Seventh Grade
Miss Barbara R. Hingston	Sixth Grade
Miss Mary F. Holbrook	Fifth Grade
Mrs. Martha A. Kubista	Fourth Grade
Miss Charlotte B. Dowd	Third Grade
Miss Florence L. Hanford	Second Grade
Miss Frances C. Burt	First Grade

Morgan High School

Mr. George L. Scott	Superintendent and Preceptor
Mr. George E. Eliot	Preceptor Emeritus
Mr. Robert G. Lewis	Submaster and Latin Department
Miss Elizabeth P. Goodrich	Dean of Girls and Modern Language Department.
Mr. Walter W. Moore	Mathematics and Science Departments
Mr. James J. Karr	English and Choral Music Departments
Mr. Kenneth R. Norris	Social Studies Department
Miss Orilla J. Moe	Commercial Department
Mr. George C. Bartlett	Orchestra
Mr. V. Roxor Short	Photography

ATTENDANCE STATISTICS*

Grade	Enrollment	Average Registration	Average Attendance
1	28	24.3	21.1
2	33	31.8	28.8
3	27	24.27	23.02
4	29	26.6	25.6

7	26	22.49	21.05
8	23	22.3	21.6
Morgan School	70	67.	64.25

* These figures include Clinton pupils only.

It is a pleasure to report that the school year recently ended has been one of continual progress in the Clinton Grammar and Morgan Schools in the Town of Clinton. This progress has been directed by the Superintendent, Principal, and Teachers in the direction of enlargement of the curricular and extra-curricular offerings of the schools and further consolidation and integration of the elementary and secondary school programs into a unified experience for our young people, arranged on progressively more challenging levels, as their capacities develop from the first grade through high school. For the achievement of such a goal, complete harmony and understanding on the part of the Board of Education, the Board of Trustees, Superintendent, Supervisors, Teachers, Parents, and Townspeople appeared to be a fundamental necessity. Steps were taken to accomplish this unity of purpose and thought. Joint meetings of the Board of Education and Board of Trustees have been held where educational advantages for all children, regardless of grade location, have been considered and in accordance with which policies have been determined. A Teachers Club was organized which drew its membership from the Clinton Grammar and Morgan School faculties. Miss Frances C. Burt, First Grade Teacher in the Clinton Grammar School, was unanimously chosen to serve as the first President of the club. Under Miss Burt's leadership, regular monthly meetings were held. The business of these meetings was designed to promote worthwhile discussions of internal school policy which would lead to ultimate service to all the children of Clinton. In order that the parents of our students might have an opportunity to cooperate with the teachers to the best advantage for their children, five regular meetings of teachers and parents were sponsored by the Teachers Club and held in the Clinton Grammar School auditorium. At each of these, in addition to the provision made for Teacher-Parent interviews, interesting entertainment programs were provided.

For the benefit of the townspeople in general, the Adult Evening Classes, inaugurated a year ago, were continued this past winter and were again enthusiastically received by over 100 adults. Public appreciation should be expressed to Mr. V. Roxor Short, the Director, and his very able corps of teachers who have freely given their services in support of this undertaking. Actively participating on the faculty throughout the Adult School term were: Mr. V. Roxor Short, Mrs. V. Roxor Short, Miss Phoebe Morrison, Mr. John J. Glynn, Miss Anna Roth, Miss Elizabeth P. Goodrich, Miss Orilla J. Moe, Mrs. George Weiss, Mr. Robert G. Lewis, Mr. Kenneth R. Norris, and Mr. George L. Scott. The school department points with pride to the fact that of this faculty seven members, including Miss Roth, the School Nurse, are regular teachers in our school system.

It appears unnecessary to mention the excellence of activities which have been carried on in our schools for several years. An annual report of this nature should rather concern itself with new or unusual features. In this connection, the Principal of the Grammar School should be congrat-

ulated for the efficient manner with which a program of departmentalization of major subjects in the seventh and eighth grades has been achieved, and the degree of excellence attained in music both choral and instrumental. As additional developments in the Grammar School, protective mats for the gymnasium and the installation of playground equipment should be noted.

Inauguration of an annual program to result ultimately in a complete modernization of the Morgan School plant and an enlargement of the curricular offerings to make more ample provision for commercial and general course pupils characterized the progress in the Morgan School. In the former category should be mentioned: Painting of ceilings and walls in the halls, sanding and finishing floors, installation of individual pupil lockers, construction of bookcases within each classroom to permit approved laboratory methods of instruction, and purchase of Ediphone, Monroe Electric Calculator, bookkeeping desks, and other pieces of equipment for commercial instruction. As a part of the expansion in curricular offerings, Safety and Health Education, Spanish, General Physics, General Chemistry, General Mathematics, Advanced Bookkeeping, Laboratory Experience in Secretarial Practice, thorough and complete separation of college preparatory and non-college preparatory subjects, integration of instruction in English and World History within a single course unit, Printing, Journalism, and further expansion of the Photographic unit should be mentioned. The work of the Girls' Choral Society and Boys' Glee Club, under the able direction of Mr. Karr, should be commended.

As a final, but extremely important, part of this report, I should like to take this opportunity to express my appreciation to the members of the Board of Education, the Board of Trustees, the Principal of the Clinton Grammar School, and the entire teaching corps for their whole-hearted cooperation and efficient service in making this year such a successful one in our schools.

ANNUAL REPORT 1937-1938

CLINTON PUBLIC HEALTH NURSING ASSOCIATION

Realizing the responsibility of the Clinton Public Health Nursing Association, for reporting its activities to the community, we are pleased to present the following statistical report:

Patients Cared For:

General Nursing	195
Maternity	45
Health Services:	
Infants	43
Pre-school	94
Other	10
Total	387

Visits Made:

General Nursing	754
Maternity	194
Health Services:	
Infants:	122
Pre-school	247
School	318
Other	133
Total	1,768

Time Spent	Hrs.	Min.
Visiting Nursing	973	45
Office	455	25
School Nursing	390	50
Special Activities	284	45
Child Welfare Conferences	40	00
Transportation	90	55
	2,235	40

The school health work in the Clinton Grammar School consumed 390 hours and 50 minutes, in accomplishing the following school nursing activities:

Visits to Grammar School	278
Individual Health Inspections	380
Class Room Inspections	5,109
Defects Found	596
Children With Defects	209
Referred to Physician	42

Referred to Dentist	237
Excluded from School	31
Treatments	161
Parent Consultations at School	11
Milk Servings	2,926
Follow-up Visits	318
Weighing and Measuring	623
Eye-testing	230
Dental Examinations	209
Health Classes Morgan High School	19

In addition to the general nursing and school nursing programs of the association, a new service was added this past year, that of the monthly Child Welfare Conferences, heretofore held by the Bureau of Child Hygiene of the State Department of Health. Since April, four conferences were held, with 105 infants and pre-school children registered. The child welfare program attempts to aid the parents of infants and pre-school children, in promoting physical, mental and emotional health. It is through the constant care of parents that children are safeguarded from disease and accident. Health means more than wealth. It is hoped that the parents of Clinton will avail themselves of the services, under the direction of the physicians of the town, offered through this Well-Child Conference.

Other health services offered the community are varied. In cooperation with the Division of Crippled Children of the State Health Department, the Association was able to render service to the crippled children of the community.

As we enter another year of public health nursing service to the people of Clinton, may we hope that we may render such service that will make for a healthier and happier community.

We are grateful to the health officer, physicians, town and school officials and others, for their help and advice in aiding the Association in carrying out the aims and purposes of public health nursing to everyone, regardless of circumstances.

Respectively submitted,

ANNA W. ROTH, R. N.,
Public Health Nurse.

REPORT OF THE TREE WARDEN

OF THE TOWN OF CLINTON, 1937-38.

One of the first duties of the Tree Warden this fiscal year was to investigate a rumor that a lumbering gang was cutting trees within the highway on the Airline Road.

I visited the scene and warned the manager, Mr. Rossi, not to cut certain desirable shade trees which I then marked. A few days later I observed that the trees had been cut and I entered a complaint to Grand Juror W. P. Hull, but as far as I know the case was never brought to Court.

While a house was being moved on John Street, I was in constant attendance and granted permission for the necessary cutting of limbs.

In October and November I made a general trimming of the dead wood from the trees and, after legal posting, cut down three trees which, in my opinion, were not safe to leave standing.

I have added to the equipment an axe and have made replacements of a new climbing rope, two pole saw blades and a gallon of Arbor cultural paint and have paid out \$2.50 for filing saws.

Eleven requests for permission to cut trees have been investigated and I have given written permits to nine and refused two.

The expense to the Town is included in the Selectmen's Report.

The elms were sprayed in May by William Dumont under a contract arranged by the Selectmen.

I would estimate that about \$300 for General Expense and \$200 for spraying would cover the cost of the work for the coming year.

Respectfully submitted,

RANDOLPH E. MILLER,

Tree Warden.

September 13, -1938.

POLICE REPORT

FOR YEAR ENDING SEPTEMBER 1, 1938.

- 32 Arrests
 - 6 Intoxication.
 - 6 Breach of Peace.
 - 1 Non-support.
 - 19 Motor Vehicle.
- 10 Complaints settled out of court.
- 300 Warnings to Motorists.
- 26,000 Miles traveled in all cars.
- 429 Transients or Tramps put up at Fire House.
- 22 Reportable Accidents with seven people taken to the Hospital.
 - 1 Trip to Middlesex Hospital.
 - 1 Trip to New Haven Hospital.
- 31 Funerals escorted.

The Town of Clinton had no fatal accidents during the year and there was a period of nine months without an accident.

Respectively submitted,

HORACE H. ANDREWS.

FOREWORD

Since 1933 the main objective of your Selectmen has been to keep down the cost of Town government which falls directly upon the taxpayers. This has been achieved. It has been difficult because of increasing relief loads and the demands of a town growing in spite of an economic depression. The fiscal year just closed has added new problems. It was a year of disasters. The Town's income from taxes was reduced because of property values decreased by hurricane damage. The Town's expenses were increased by unforeseen repairs and construction needs. Furthermore, this past year, the first full year in the Andrews Memorial, was one during which investment returns proved unpredictable. Notwithstanding these new drains on the Town's assets, the direct burden upon the taxpayers has not been increased. The Selectmen have been able to avoid this by recourse to aid available from State and Federal sources and by resort to cash balances built up in more fortunate times against such unexpected needs.

The breaking of the Guilford-Chester Water Company's dams on July 23, 1938, and the hurricane of September 21, 1938, placed immediate construction needs before your Selectmen. The first required the replacement of two bridges and the repair of Ironworks Road. This work has been completed. Use of WPA and State Aid funds have freed Clinton taxpayers from the major portion of the cost of constructing the Kelseytown bridge with its 855 feet of approaches and the Ironworks bridge with its 2,855 feet of approaches. According to present estimates, the Town will contribute to this repair work only \$151.25 which represents 55 percent of the cost of new rights of way. The hurricane damage returns are broken down on Page 14 of this report. Attention is called to the fact that, although the State removed the trees from State highways, the Town was compelled to remove 236 trees of various sizes from roads for which the Town was responsible.

While for five months all other work was suspended in favor of clean-up work necessitated by these two disasters, routine construction planned for 1938-1939 was not wholly disrupted.

Town Aid funds allowed by the State for work on highways appear on Page 17 of this report. Waterside bridge and its approaches were rebuilt under such a credit.

The WPA also gave substantial aid. It is impossible to report the exact amount of such funds expended in Clinton, because all financial records are kept by the WPA alone. Several important projects have been executed with such funds. As most of the Town sidewalks needed repair, 66,300 square feet of Colprovia sidewalks were laid. Only 8,340 square feet of this paving was new. WPA funds paid for all the labor, which was wholly local, and part of the trucking required on this project. In the same manner, approximately one mile of Long Hill Road has been widened and

Brickyard Road through Fairy Dell roughed out and prepared for completion in 1939-1940.

While the Andrews Memorial has played an important social part in the life of the Town, it has provided some financial problems. Your Selectmen had estimated the total cost of operating the Memorial at \$6,000 for the year, of which the trustees expected to supply \$3,000 from trust income, leaving \$3,000 for the Town to bear. Subtracting from this figure the income from the summer theater of \$1,350 — \$1,000 for rental and \$350 for lights* — your Selectmen allowed as a conservative margin in estimating that the Town would have to contribute at least \$2,000 to the cost of operating the Memorial. However, due to the adjustment of investments and the consequent shrinkage of income, the trustees were able to pay over to the Town only \$2,636.43, or \$363.57 less than was expected. The actual maintenance cost to the Town turned out to be \$2,395.40 or \$395.40 more than was estimated. It is to be noted that the difference between this overrun and the predictable shrinkage of income is but \$31.83.

In spite of the special problems of this disaster year, the regular work of the Town has gone forward in all departments, as is demonstrated by the reports given in the following pages. Your Selectmen offer as final evidence of the satisfactory condition of the Town the fact that in six years the debt has been reduced from \$127,500 to \$85,000, that the cash balance has been built up, and that the tax rate has not been increased.

*Of this last amount, the current report credits \$155, as the balance of \$195 was billed and paid after the books were closed.

Respectfully submitted,

ALFRED H. STEVENS,

PAUL M. WATROUS,

WILLIAM H. TALLMADGE, JR.,

Board of Selectmen.

ANNUAL TOWN MEETING

OCTOBER 3, 1938

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30.) Dollars be made from the Town Treasury as a compensation to Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40.) Dollars be and the same is hereby appropriated to the Sons of the Union Veterans of the Civil War of the Town for the purpose of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000.) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500.) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourns it adjourn to the first Monday of March 1939.

VOTED: That an appropriation of Five Hundred (\$500.) Dollars be made to the Clinton Cemetery Association, Inc.

RESOLVED: Be it resolved that the Town of Clinton declares its intention to build or improve a section or sections of road or to build or improve a bridge or bridges under the provisions of the statutes relating to the State Aid Roads, and the sum of \$2,500.00 Dollars (Town's portion) or so much thereof as may be required to pay the amount of the pro rata share of said town of the costs of such construction or improvement under the provisions of the appropriation allotted to the Highway Commissioner, is appropriated for such purposes, and the Town Treasurer is authorized and directed to pay said amount to the State at the times and in the manner provided by law. Resolved that the Selectmen are authorized

and directed to make application to the Highway Commissioner, in the manner provided by law, for allotment of \$10,000.00 (State and Town Share) for the construction or improvement of roads or bridges in this town under said laws and appropriation.

VOTED: That the Selectmen be authorized and directed to reimburse Horace H. Andrews as Chief of Police in the sum of Three Hundred and Fifty Dollars for the use of his car for the past year.

VOTED: That the Mill District School House and grounds be leased by the Town of Clinton to the Kelseytown Ladies' Society at the rental of one dollar per year for a period of ten years, said building to be used as a Community House and any necessary upkeep not to exceed twenty-five dollars a year to be borne by said Kelseytown Ladies' Society.

VOTED: That the action of the Selectmen in leasing the town's interest in the Old Town Hall property to the Clinton Grange, No. 77, for the term of ten years from the 1st day of September 1938 at the yearly rental of one dollar per year be ratified and confirmed.

VOTED: That the metal sign post erected on the grounds of the William Stanton Andrews Memorial Hall be and the same is declared to be the legal sign post of the Town of Clinton.

VOTED: That the town appropriate the sum of \$200. for the spraying, and \$500, for the feeding of the elm trees in Clinton for the year 1939, if necessary.

The various Town Officials as declared elected by the Moderator of the Town Election were read to the meeting and the Moderator of the Annual Town Meeting duly declared the same elected.

The meeting duly adjourned until the first Monday of March 1939 at eight o'clock P. M.

ADJOURNED ANNUAL TOWN MEETING

March 6, 1939

VOTED: That a tax of 15 mills on the dollar be and the same is hereby directed to be laid on the grand list of the town last made and completed, to pay the ordinary expenses of the town, and to apply on the town debt, one half of said tax to be due May 5th, 1939 and one half July 17th, 1939.

Thereupon the meeting duly adjourned.

SPECIAL TOWN MEETING

April 28, 1939

This meeting was entirely taken up by discussion and incidental votes leading up to the following vote:

RESOLVED: That a committee of nine members be appointed, consisting of

One member of the Board of Trustees of the Morgan School (to be selected by members of that board).

One member of the Board of Education (to be selected by members of that board).

The First Selectman.

Six Taxpayers of the Town of Clinton.

The duties of such committee shall be to investigate and study the educational program, facilities and needs of the Town of Clinton, with particular consideration as to measures whereby the Town of Clinton may acquire and manage and hold for the benefit of the Town of Clinton that certain property now in the name of the Trustees of the Morgan School, and to report to an adjournment of this Town Meeting to be held on June 6, 1939 at 8 P. M., Daylight Saving Time, and that the six taxpayers mentioned in this resolution be named from the floor and elected by ballot.

The following members of said committee were thereupon chosen by ballot:

Frank F. Wagner
C. Carl Swan
Jay F. Stannard
Dr. Harry R. Stone
R. Bruce Lively
Mrs. Theodore Burnham

Upon motion made and seconded the meeting duly adjourned to June 6th, 1939 at 8 P. M. Daylight Saving Time.

SPECIAL TOWN MEETING

MAY 9, 1939

RESOLVED: That the Selectmen be and they hereby are directed and empowered to accept for and in behalf of the Town of Clinton for a purchase price not to exceed \$5,000. a legal conveyance from Edward M. Benham of the land and buildings situated in said town of Clinton, bounded and described as follows:

A certain tract of land situated on the Southerly side of Main street with dwelling house located thereon bounded Northerly by the highway or common, Easterly and Southerly by premises of the Town of Clinton occupied by the William Stanton Andrews Memorial and Westerly by the Indian River. Containing one quarter of an acre, more or less.

Being the same land to be found described in a certain Warranty Deed from Frederick L. Buell to Edward M. Benham dated February 20, 1932 and recorded in the Clinton Land Records Vol. 27 Page 159.

And said Selectmen are hereby empowered to take all steps proper, necessary and legal to vest the title to said premises in the Town of Clinton free from all encumbrances.

Upon motion duly made and seconded it was voted that when the vote is taken upon said resolution it be by ballot.

The original motion was duly discussed and a vote thereon was duly taken by ballot, resulting in

Yes 68 No 31.

The resolution was duly declared passed.

The meeting thereupon duly adjourned.

ADJOURNED SPECIAL TOWN MEETING

JUNE 6, 1939

At the adjournment of said meeting on June 6, 1939 a report of the Committee was read, the substance of which appears to be a feeling on the part of the committee that the matter be investigated in accordance with the recommendation of the State Board of Education and that a further committee consisting of three State Educators and a member of the State Board of Education in an advisory capacity make a survey to "cover the educational needs of the children of the Town of Clinton, and the present facilities for operation, and the present and future needs of our educational system." It was further recommended that this meeting be further adjourned until September 12, 1939 at 8 P. M. Daylight Saving Time and such an adjournment was duly voted.

SPECIAL TOWN MEETING

JUNE 22, 1939

RESOLVED: That an Act of the Legislature of the State of Connecticut entitled an "Act Providing for Biennial Elections in the Town of Clinton" be approved.

Respectfully submitted,

CHARLES A. PELTON

Town Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit herewith the Annual Report of the Superintendent of Schools covering the Clinton Grammar School and the Morgan High School in the Town of Clinton, Connecticut for the school year 1938-1939.

TEACHERS FOR 1938-1939

Clinton Grammar School

Miss Edith M. Northrop	Principal and Eighth Grade
Miss Jessie Foote	Eighth Grade
Mr. Ralph W. Goodrich	Seventh Grade
Miss Marion Lees	Sixth Grade
Miss Rebecca Flanders	Fifth Grade
Mrs. Martha Kubista	Fourth Grade
Miss Charlotte B. Dowd	Third Grade
Miss Eunice Taylor	Second Grade
Miss Frances C. Burt	First Grade
Miss Helen Coleman	Kindergarten
Miss Florence Dibbell	Substitute Teacher

Morgan High School

Mr. George L. Scott	Superintendent and Preceptor
Mr. George E. Eliot	Preceptor Emeritus
Mr. Robert G. Lewis	Submaster and Latin Department
Miss Elizabeth P. Goodrich	Dean of Girls and Modern Languages Dept.
Mr. Walter W. Moore	Mathematics and Science Departments
Mr. James J. Karr	English and Choral Music Departments
Mr. Kenneth R. Norris	Social Studies Department
Miss Orilla J. Moe	Commercial Department
Mr. Joseph F. Simmons	Athletics
Mrs. Joseph F. Simmons	Art
Mr. George C. Bartlett	Orchestra
Mr. V. Roxor Short	Photography

ATTENDANCE STATISTICS*

Grade	Enrollment	Average Registration	Average Attendance
Kindergarten			
	13	12.4	9
1	25	22.69	20.54
2	33	30	28.46
3	33	31.43	28.81

5	25	24.09	22.97
6	31	30.40	28.57
7	26	24.72	23.42
8	21	20.05	19
Morgan School	74	69.19	65.84

* Clinton pupils only, including Post-Graduates

In a report of this type it is difficult to single out special or particular activities and to comment upon them adequately enough to show them in their proper light as an integral part of a continuous program of education for our Clinton youth. If at no other time, and we can certainly hope that similar situations do not arise again, the Clinton School organization was called upon to demonstrate its efficiency during this past year. The appreciative and cooperative response of parents and children alike has been a constant source of satisfaction and pleasure to the staff of the schools. The hurricane last fall brought with it and in its wake a considerable number of unprecedented and unpredictable problems. The fact that all Clinton children were safely at home when the fury of the storm burst upon us, while in many of our surrounding communities either hazardous attempts were made to transport children to their homes or children were housed in the school buildings without heat, lights, or water until the storm had abated, caused considerable comment in these other communities and led to many inquiries as to how Clinton was able to anticipate the dangers and hardships and avoid them.

Because the action of the schools at that time presents evidence of the most desirable type of community cooperation with the schools I would like to comment briefly in this report concerning the procedure followed in deciding when conditions have become so hazardous that it is advisable to dismiss the afternoon session of school. At eleven o'clock on the morning of the hurricane, both bus drivers, Mr. Horace Andrews and Mr. Norman Foerch, had investigated conditions on their routes and had reported to the Superintendent of Schools that the incessant rain had produced conditions dangerous to safe transportation. Almost immediately following this report the Superintendent was advised by Mr. Herman Frodl of the difficulty he had encountered while delivering milk. Furthermore, Mr. Leander Stevens, having made a trip over the roads in the areas outside of town, had reported dangerous conditions to the First Selectman who immediately confirmed the reports which had been made by the other men. In the meantime the Superintendent had followed the usual stormy-day custom of telephoning to the New Haven Weather Bureau for its prediction with regard to afternoon weather conditions. Advice that a storm was on the way was received from this source. Of course, with all of this information at hand it was evident that it would be advisable to call a one-session day and transport the children to their homes immediately. It is doubtful that the schools could have done this without further help from the many parents who responded to the call to report at the schools with their private cars and transport children over roads which were at that time impassable for school busses. Through this report I wish to express the appreciation of the schools to all of the people who cooperated at that time and especially to those who have continued to provide the schools with information concerning traveling conditions on the roads over which the school busses are routed.

The problem of the one-session day is one that is a constant source of embarrassment to the school authorities. As a regular routine on stormy days, before the children are dismissed at noon, the Weather Bureau is contacted and information is sought through the channels mentioned above in connection with the hurricane. In making a decision to close the schools during the afternoon session traveling conditions for the younger children have to be considered since it would double the town's transportation costs to dismiss some of the pupils and transport them to their homes and then take the remainder in the afternoon. In spite of all the precautions that are taken it seems that all too frequently rain or storm will cause us to suspend the afternoon session of school and then as soon as school has been dismissed the skies will clear and the sun will shine. The unfortunate part of this problem is, of course, that our children are losing valuable school time during these one-session days—a condition which should be studied and measures taken to avoid.

The most practical suggestion that has been offered up to this time and one that will be regularly adopted for another year has been made possible through the cooperation of the Pond's Extract Company. It permits that the no-school decision be postponed until 12:30 instead of at the time of dismissal of the kindergarten and first-grade children at 11:30. From now on Pond's Extra Company's whistle at 12:30 will serve to indicate, that there will be no afternoon session on that day. The most desirable solution and the one which should be considered very seriously as a possible development in the future can be effected through the establishment of facilities for school lunches so that when it is necessary all children can remain at the school building and a continuous session of school can be developed.

During this past school year, in response to the request of the community, a kindergarten program was inaugurated in the Clinton Grammar School. Of course, with the experience of only six months as a guide it is impossible to comment upon the success of this program. Unfortunately, because of the impossibility of providing transportation, a number of parents have been unable to arrange for their children to attend. During the past year bus transportation was not provided for kindergarten children and parents were asked to provide personally for it. Even though to do so may cause an extra transportation expense, since the routes will have to be covered by busses at noon-time in order that these children may be carried to their homes, it appears to be desirable to make provision for it in order that all eligible children may receive the benefits of the kindergarten program and the numbers in attendance may justify it as an integral part of the school organization. The addition of the kindergarten together with the successful continuation of the program for Adult Education provides educational opportunities for an exceptionally wide age range. Our community can justifiably claim that through its efforts it is closely approaching education for all.

Although illness and similar misfortune is not a topic upon which one cares to dwell, comment should be made and credit given to the efficiency with which our schools operate that, in spite of the fact that we have passed through a year in which scarlet fever, influenza, and other illnesses both to pupils and teachers caused a considerable number of interferences with the school work, the regular routine has been unaffected and results have continued to be excellent.

It is within the scope of an annual report to indicate to the community possibilities for extension of our educational facilities in the future so that careful consideration may be given to them and those which appear to possess merit may be supported for adoption.

Undoubtedly the major educational problem is to devise a means by which the secondary school building may be modernized and its program enlarged to accommodate the needs and interest of those who do not intend to matriculate in institutions of higher learning and who have no aptitude for commercial education. Because of the fact that this branch of our educational system is being carefully studied by an interested committee of townspeople who have inaugurated an impartial, disinterested survey of the whole problem there is no need to comment further upon it in this report.

It has become increasingly evident to teachers, principal, and superintendent alike that some provision for supervision of music and art in the grade school would contribute to the enrichment of the educational activities of the pupils. It is also possible that the parents of children who experience considerable difficulty with their school work would appreciate the organization of a state-supported opportunity class.

These suggestions are offered not as immediate necessities but rather as possibilities for development in the future and are mentioned here in order that they may be considered and evaluated by the community as a whole.

In conclusion I should like to take this opportunity to commend our teachers for the excellence of their efforts in our schools and to express my appreciation to the many people in Clinton who exert themselves to make the home-school-community relationships so pleasant and enjoyable.

Respectfully submitted,

GEORGE L. SCOTT,

Superintendent of Schools.

CLINTON PUBLIC HEALTH NURSING ASSOCIATION

ANNUAL REPORT 1938-1939

A growing comprehension that the well-being of oneself or of one's children may be menaced by others' illness, especially by detection, has resulted in steady development of a general readiness to protect and promote the public health. Because this spread of cooperation has made itself happily evident in Clinton as elsewhere, records of the Clinton Public Health Nursing Association for the past year reveal a bright picture. It is a picture of community health improving, of illness alleviated, and of disease prevention and control measures more widely applied under planned, coordinated effort and extended service.

We can gladly ponder figures showing definitely less illness in school during the past year. We can observe that the improvement followed steps of fulfilment in the health program, which included cod-liver oil from the Association and milk from the School Board. So, too, in a year of national increase in small-pox, we, in our own community, can be grateful for gains in prevention. More children than ever before, 34 in number, mostly of pre-school age, were safeguarded by vaccination.

Comparative statistics revealing the growth of the Association service will be found in an adjoining table. Therein it will be noted that, as activities have expanded, the total yearly time devoted to them has necessarily increased. So, also, among other increases, will be noticed a growing proportion of hours required in the transportation of patients to hospitals.

From facts and figures of the past we turn to the future.

Of primary importance in efforts to detect and remedy ills that might threaten either general or individual health would be the adoption of periodic complete physical examinations of school children. It is suggested that present examinations, limited to the pupils entering first grade, be repeated at the beginning of the third, sixth and eighth grade terms by the child's physician, with reports on special forms filed and checked by school health officials. If, in addition to this, we also make available the Tuberculin Test and X-Ray service such as several of our neighboring towns use in efforts to discover and stamp out incipient tuberculosis, we shall take a truly great step forward in promoting the community health.

The splendid spirit of cooperation that exists between the Clinton Public Health Nursing Association and the Bureau of Mental Hygiene, our Town Social Worker, Mrs. Marjorie Reynolds, the Clinton Branch of the American Red Cross, the Kelseytown Sewing Society, the Homemakers Association, and the Catholic Women's Council, is invaluable. Space forbids the enumeration of many others who have been of great assistance in many ways. We are deeply grateful for such friends.

Sincere appreciation is also extended to the town and school officials and teachers, to the Health Officer, to the physicians of the town, to the volunteers who assist at the Well-Child Conferences, to the officers and Board of Directors of the Association and to the Nursing Committee whose help has been invaluable in aiding the Association to render effective service.

Respectfully submitted,

ANNA W. ROTH,
Public Health Nurse.

REPORT OF THE BOARD OF POLICE COMMISSIONERS

To the Board of Selectmen
Gentlemen:

By legislative act the Selectmen appointed three citizens to act as a Police Commission, for the Town of Clinton, to take office on July 1st, 1939. The Commission appointed were:

A. P. FETTIG
R. B. LIVELY
W. A. WARD, SR.

The Commission organized on July 1st, and appointed A. P. Fettig as Chairman, and William A. Ward, Sr. as Secretary.

The purpose of the Commission was to organize, maintain, and have control of the Police Department. This has been done, in as thorough a manner as is possible, but in view of the fact that the Commission has been in operation only two months, it is not possible to make a complete report, based on a year's experience.

The Commission has organized a three-man Police Department, working on a stagger system, two members of whom are on duty for a daily 17 hour period during the summer months. Another system is being devised for the Winter months, by which the Police Department will be operated on almost a 24-hour daily basis.

To maintain the patrolling efficiency of the Department, a Police Car has been purchased. This eliminates the danger and responsibilities incident to the individual ownership of cars. Regular patrolling of all sections of the Town is now an accomplished fact. Individual danger spots are policed at intermittent periods, while regular nightly patrols are also in effect.

A police telephone has been installed, at the corner of Main and Commerce streets, both for the convenience of the public, and the police department.

Definite hours, and definite discipline are in effect for the Members of the Police Department, and the rules and regulations promulgated by the Police Commission shall be adhered to, by the Members of the Police department.

The aim of the Commission, who serve voluntarily, is to maintain a more efficient, and thorough Police Department, with greater protection to the citizens of the Town, and greater consideration to the traffic situation, than has heretofore been possible. It has been the aim of the Commission, also, to eliminate extra men, and in this so far it has been successful

The estimated budget for the police department, for the ensuing year will be as follows:

Salaries for regular police	\$ 4,524.00
Emergency wages	100.00
Officers Bonds	30.00
Police Telephone	50.00
Insurance of Police Car	80.56
Expenses for Operation of Police Car	300.00
Miscellaneous Police Equipment	150.00
<hr/>	
Total	\$ 5,234.56

There can be credited against this budget, approximately \$500 which will be received by the Treasury of the Town of Clinton, for fines, and costs. As all the Police Officers are on salaries, all fines, and costs are paid into the Treasury of the Town of Clinton.

Yours very truly,

WILLIAM A. WARD, Secretary

CLINTON POLICE COMMISSION.

A. P. FETTIG, Chairman

R. B. LIVELY,

WM. A. WARD, SR., Secretary.

REPORT OF
THE HEALTH OFFICER

To the Board of Selectmen, Clinton, Conn.

Gentlemen:—

With the exception of a few sporadic cases of communicable diseases, Clinton has been a very healthful place in which to live during the last year.

The Hurricane of last September and the low water supply, made it possible for most any disease to break out. But due to the good work of the officials in the different departments, we had no resulting diseases.

Vaccination against small pox and inoculation against diphtheria has been carried on in the school.

Very few nuisances have been reported which speaks well for the health interest of the town's people in general.

GRAHAM O. WELLMAN, M. D.

Health Officer.

REPORT OF TREE WARDEN

Owing to the heavy hurricane damage to the trees of the town, the work of the Tree Warden has been multiplied many fold, and necessarily has been confined largely to pruning branches that created a hazard, and removing trees completely that were either wrecked and left standing or were root loosened and not overturned.

Recent moderate winds have shown that there are many more in the latter class, which should be removed, and doubtless many others will be added to this class for months to come.

But little has been accomplished in the work of careful pruning, painting and patching, operations that are definitely necessary for the future good of the trees, and would suggest that a liberal provision be made in the new budget for this very important work.

In spite of strenuous efforts to prevent it, the appropriation for use by the Tree Warden has been exceeded, as will be shown in the detailed account elsewhere. The unusual conditions made this unavoidable.

Due to the uncertainty in the mind of contractors as to the number of elms remaining after the storm, the bids received for spraying were on a "per tree" basis. Quite a number of the more outlying trees were sprayed in an effort to more completely eradicate the elm leaf beetle. The figures obtained from this method will form a sound basis for future spraying contracts.

The work of feeding the trees in accordance with the vote of the last Annual Town Meeting has been only partially accomplished, but should be finished this fall in order to encourage late root growth and bud formation for next season's growth.

I appreciate the co-operation and patience of the townspeople, and regret that the unusual conditions have made it impossible to give a more prompt and complete service.

F. J. REVELEY

Tree Warden.

FOREWORD

Today, with a concern born of the world crisis, we are all thinking and talking of how to preserve the American way of life. The small towns in New England have made a magnificent contribution to that system of living. If that method of living is to be preserved, it must continue to find its strongest expression in the small town. That can come to pass only if we conduct our affairs upon the basis suggested in the following excerpt from the Annual Report for 1939 of the Town of Greenwich:

THE TOWN'S BUSINESS IS YOUR BUSINESS

Whether you pay direct taxes as a property owner, or whether you pay taxes indirectly through rents and purchases, this Report is addressed to you as a citizen-stockholder of Greenwich.

The Town government is your business. You finance it. You choose and hire the people to run it. The owners of any business must give time and personal attention if they wish it to be run to suit them. How much attention do you give to the business of your Town?

Do you know where all the Town's money comes from? Do you know where it goes? How much the Town owes, and what for?

If you and all other responsible citizens assume the obligation of finding out what you need to know in order to take an intelligent part in running the Town's business, the Greenwich of the future will be the town most of you want it to be.

Those to whom you, as a citizen-stockholder of Clinton, have entrusted the various branches of your town government endorse this statement and invite your constructive suggestions and criticism. Here is some of the information you need to begin with.

In the past year, the Town has made three necessary changes in compliance with progressive State Legislation enacted in 1939. While these changes entailed added expense, we believe that the benefit derived from them has been sufficient compensation.

(1) A Trial Justice Court has been established. This court, with a permanent staff, replaces the old Justice of the Peace system. It operates under a statewide organization, under the control of the Chief Justice of the Supreme Court of Errors of this State. This change is designed to bring the Justice Court into the same fair repute enjoyed by the other courts of this State.

(2) All public accounts are now audited by Certified Public Accountants, under the control of the State Commissioner of Taxation. Credit is due all branches of the Town government, and we should all be proud of the fact that in four quarterly audits, covering the minutest detail, absolutely no errors have been found.

(3) A regular police force has been set up under the control of a Police Commission. This Commission has taken many onerous duties from the shoulders of the Selectmen and divided responsibilities in a characteristically democratic fashion.

The Town has likewise taken a progressive action by authorizing the purchase of a new fire truck. At the special town meeting held May 15, 1940, after the year's budget had been approved and the tax rate voted, the additional sum of \$9,671.63 for this purpose was approved. Of this amount, \$8,671.63 must be paid in October.

Two other items of expenditure which have a direct relation to the Town's welfare and progress have been thoroughly investigated by your selectmen and are included under proposed appropriations for your consideration. The Board of Selectmen recommend their approval.

(1) \$300 for Ambulance. This recommendation comes as the result of a conference held in Essex, between State Police Commissioner Hickey and the Selectmen of Clinton, Westbrook, Old Saybrook, Deep River, Chester, and East Haddam.

The Commissioner has agreed that, if the towns will purchase an ambulance at \$2,100 net cost, he will furnish garage space for it in the Westbrook Barracks, and will operate and maintain it at State expense. This plan will provide full ambulance service to the Town without further cost.

As the estimated life is six years, the cost of full-time service to each town is \$50 per annum.

(2) \$3,000 for Tax Revaluation. The cost of preparing a scientific, impartial system of tax revaluation costs \$8,000 to \$10,000. The W.P.A. has earmarked the necessary funds for the Town of Clinton. The Town's estimated share should not exceed \$3,000. This system, approved by the State Tax Commissioner, is in operation in Old Saybrook, is nearly completed in Westbrook, and has been approved by Killingworth. Advantage should be taken of this opportunity to obtain funds for this work because it ensures just and uniform assessment and because it is believed that the State may shortly compel the installation of such a system and the full cost would then have to be borne by the Town.

The systematic care of Town roads has been maintained. The policy of replacing old dirt roads, impassable in bad weather, has been carried forward by the construction of 1.2 miles of permanently improved roads. The costs were borne by W.P.A. and Town Aid Funds.

The Andrews Memorial has played an increasing part in the life of Clinton. The various organizations of the Town have made much greater use of it than they did in the first years. It is now established in the public mind as a Clinton civic center, thus fulfilling the ideal of its donor.

The estimated income from trust funds was reported in 1939 as \$3,000. Their latest report gives \$2,600 as more correct. A study of two years' costs indicates that the direct operating costs to the Town can be held to the \$2,000 estimated.

Your Board of Selectmen wish again to thank the citizens for their cooperation, and the employees of all classes for their loyal services, without which the favorable balances of this report would not have been possible.

Respectfully submitted,

ALFRED H. STEVENS,
PAUL M. WATROUS,
WILLIAM H. TALLMADGE, JR.

Board of Selectmen.

ANNUAL TOWN MEETING

OCTOBER 2, 1939.

VOTED: That the report of the Selectmen be accepted as printed.

VOTED: That the report of the Town Treasurer be accepted as printed.

VOTED: That the report of the Town Deposit Fund be accepted as printed.

VOTED: That the report of the Tax Collector be accepted as printed.

VOTED: That an appropriation of Thirty (\$30.) Dollars be made from the Town Treasury as a compensation to Chauncey H. Kelsey for winding and caring for the town clock.

VOTED: That the Selectmen be and they are hereby authorized to borrow such an amount of money as may seem to be necessary for the current expenses of the town on the credit of the town, and to give the note or notes of the town therefor.

VOTED: That the sum of Forty (\$40.) Dollars be and the same is hereby appropriated to the Sons of the Union Veterans of the Civil War of the Town for the purpose of assisting in the proper observance of Memorial Day.

VOTED: That the sum of One Thousand (\$1,000.) Dollars be and the same is hereby appropriated out of the funds of the town to the Henry Carter Hull Public Library Association for the purpose of said Library.

VOTED: That the Town of Clinton appropriate the sum of Fifteen Hundred (\$1,500.) Dollars to the Clinton Public Health Nursing Association for their use in defraying expenses of the Visiting Nurse of our town.

VOTED: That the Selectmen be and they are hereby instructed to appoint two shell fish constables for the ensuing year.

VOTED: That when this meeting adjourns it adjourn to the first Monday of March 1940.

VOTED: That an appropriation of Five Hundred (\$500.) Dollars be made to the Clinton Cemetery Association, Inc.

VOTED: Upon motion of William A. Ward, Sr., and seconded by Anton P. Fettig the following resolution was introduced:

FIREWORKS BY-LAWS

Be it resolved by the legal voters of the Town of Clinton in town meeting assembled, this 2nd day of October, 1939.

THAT:

SECTION 1. The discharge, firing or use of all firecrackers, rockets, torpedoes, roman candles, fire balloons, or other fireworks or substances

designed and intended for pyrotechnic display, and all pistols, canes, cannons, or other appliances, using blank cartridges or caps containing chlorate of potash mixture, is hereby prohibited in the Town of Clinton.

The Selectmen, however, upon written application, may grant written permission for such display of fireworks, provided that, in their opinion, such display or displays shall be of such a character and so located, discharged or fired, as not to constitute a hazard to surrounding property nor endanger any person or persons.

SECTION 2. The sale of fireworks at retail and the storage or sale of fireworks at wholesale is prohibited.

SECTION 3. The violation of any of the provisions of this by-law shall be deemed a misdemeanor and any person found guilty of such violation shall be fined not less than ten dollars nor more than twenty-five dollars for each violation of said by-law.

After discussion this motion was tabled.

VOTED: That the Selectmen be authorized and directed to expend what may be necessary to repair the town clock now located in the tower of the First Church of Christ (Congregational) together with such additional repairs to said tower as may be necessary to properly secure said clock.

VOTED: That the Selectmen be authorized and directed to reimburse Horace H. Andrews as Chief of Police in the sum of Three Hundred Dollars for the use of his car to July 1, 1939.

VOTED: That the Selectmen are hereby authorized and empowered on behalf of the Town of Clinton, acting with the Board of Education to execute a lease of the Cow Hill School House and appurtenant premises, to the Cow Hill Red School House Association for such length of time and at such annual rental as may be agreed upon by the parties concerned, and in substantial conformity with the existing lease.

VOTED: Upon motion duly seconded the following resolution was presented:

That it is the sense of the Town, in meeting assembled, (1) that the Selectmen should enter into no lease or contract with any person or persons, or with any organization, for the use of the Auditorium of the William Stanton Andrews Memorial for theatrical purposes, unless such lease or contract reserves to the Selectmen the right, at any time during the period covered by such lease or contract, to make the Auditorium available for municipal uses or for the use of any organization in, or group of citizens of, the Town, and (2) that upon request, made in writing by, or on behalf of, any such organization, or group of citizens, not less than four weeks before they desire the use of the Auditorium, the Selectmen should take such action as will make the Auditorium available in accordance with such request, and should make a pro rata rebate of rental to the party or parties to any such lease or contract for each day such party or parties are deprived of the use of the Auditorium.

After extended discussion the following amendment was offered:

VOTED: That a committee of four be raised to act with the Selectmen in any leasing of the auditorium of the William Stanton Andrews Memorial Hall for theatrical purposes.

After discussion the original motion and the above amendment were tabled temporarily.

Upon motion duly seconded the following resolution was presented:

WHEREAS, a dispute has arisen concerning the desirability of the continued leasing of the Andrews Memorial Hall during the summer months to outside interests, more specifically for the exclusive use of the hall for what is generally known as a summer theater, and

WHEREAS, due to certain criticism and opposition to the leasing of the hall for this purpose the town is now threatened with the loss of these rental revenues and the added business derived from this source, therefore be it

RESOLVED that the selectmen be authorized and instructed to continue the making of such leases for such purpose and under such terms, conditions and price as they, the selectmen, deem most advantageous to our town.

After discussion the following amendment was duly moved and seconded:

Resolved: That the original motion be amended by striking it out and substituting the following:

That the Selectmen be authorized to rent the William Stanton Andrews Memorial Hall for theatrical purposes.

After prolonged discussion the amendment was duly passed. Thereafter prolonged discussion was had and the motion substituted by the amendment was duly passed.

Thereafter it was

VOTED: That the intent of the vote passed at this meeting in regard to the Andrews Memorial Hall is that the Selectmen be authorized and instructed to continue the renting as in the past of the said hall under such terms, and price as they deem it most advantageous to our town.

Moved and Seconded that the Town Clerk be instructed to inscribe on the records of the Town an expression of sympathy to all who suffered from the hurricane of September 21, 1938.

After discussion this motion was tabled.

The meeting was duly adjourned until the first Monday of March, 1940 at 8 P. M.

ADJOURNED ANNUAL TOWN MEETING**March 4, 1940**

VOTED: That a tax of fifteen (15) mills on the dollar be and the same is hereby directed to be laid on the grand list of the Town last made and completed, to pay the ordinary expenses of the town and to apply on the town debt, one half of said tax to be due May 6, 1940 and one half July 17, 1940.

Thereupon the meeting duly adjourned.

SPECIAL TOWN MEETING**May 15, 1940.**

VOTED: That the Town of Clinton procure for the use of the Town a set of colors, including the National Emblem and the State Flags with joint pole, carrying belt, rain covers and standards for the same, for the use of the Town on all appropriate occasions.

Upon motion duly made and seconded it was

VOTED: Moved that the Town of Clinton authorize the Board of Selectmen to purchase for the use of the Clinton Volunteer Fire Department a Model 415 Maxim 500 gallon Pumping Engine, together with hose and equipment, and that the sum of \$9,741.63 be appropriated for that purpose, it being understood that \$1,000 shall be paid the Maxim Company on delivery of the apparatus this summer and the balance on October 15, 1940.

Meeting duly adjourned.

Respectfully submitted,

CHARLES A. PELTON,
Town Clerk.

SEWARD, CALABRESE & COMPANY

Accountants and Auditors
39 Center St., New Haven, Conn.

September 12, 1940.

The Honorable Board of Selectmen,
Town of Clinton,
Connecticut.

Dear Sirs:

Pursuant to engagement we have audited the accounts and records of the Town of Clinton for the fiscal year ended August 31, 1940, in accordance with the Municipal Auditing Act of 1939 and the rules prescribed by the State Tax Commissioner.

The records of all departments were examined carefully and no errors were found. Confirmations were mailed direct to all delinquent taxpayers with a request that said taxpayer mail direct to us, in an enclosed stamped and addressed envelope, the confirmation with a notation as to its correctness or otherwise and a statement of the details of differences, if any.

This brief report is submitted at this time together with a summary of cash receipts and disbursements which has been found to be correct, subject only to errors and/or omissions, if any, which may be disclosed when confirmations of delinquent taxes are received and checked.

The Town and its managing and executive officers are to be congratulated upon the excellent condition of the books and the accuracy with which they have been kept.

A report in detail, a copy of which, according to Statute will be mailed to the State Tax Commissioner, will be furnished shortly.

Very truly yours,

SEWARD, CALABRESE & COMPANY.

Herbert F. Seward,
Certified Public Accountant.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit herewith the Annual Report of the Superintendent of Schools covering the Clinton Grammar School and the Morgan High School in the Town of Clinton, Connecticut for the school year 1939-1940:

TEACHERS FOR 1939-1940

Clinton Grammar School

Miss Edith M. Northrop	Principal and Eighth Grade
Mr. Ralph W. Goodrich	Seventh Grade
Miss Jessie Foote	Sixth Grade
Miss Rebecca Flanders	Fifth Grade
Mrs. Martha A. Kubista	Fourth Grade
Miss Charlotte Dowd	Third Grade
Miss Eunice Taylor	Second Grade
Miss Frances C. Burt	First Grade
Miss Helen Coleman	Kindergarten and Helping Teacher
Miss Florence Dibbell	Substitute Teacher

Morgan High School

Mr. George E. Eliot	Preceptor Emeritus
Mr. George L. Scott	Preceptor
Mr. Walter W. Moore	Submaster and Mathematics Department
Miss Elizabeth P. Goodrich	Dean of Girls and Modern Languages
Mr. Robert G. Lewis	Submaster and Latin (until February 1940)
Miss Orilla J. Moe	Commercial Department
Mrs. V. Roxor Short	Art Department
Mr. Francis Smith	Science Department
Mr. James J. Karr	Music and English Department
Mr. Lewin Joel	Social Studies Department
Mr. John LaCastro	English and History (since February 1940)
Miss Madeline Endrich	Latin Department (since February 1940)

Adult School

Mr. V. Roxor Short	Director
Mrs. V. Roxor Short	Art
Miss Phoebe Morrison	Foreign Affairs
Miss Orilla J. Moe	Shorthand and Typing
Mr. Robert G. Lewis	Athletics
Mr. James J. Karr	Literature

ATTENDANCE STATISTICS*

7	28	26.3	24.8
8	28	25.9	24.6
Morgan	64	61.2	57.8

*These figures include Clinton pupils only.

Again it is my responsibility and pleasure to report to the town on the condition of the Clinton Schools. This past year is one of great educational significance to the town. Probably for the first time a real attempt has been made to study the education needs of the town with a view toward adopting a program by and through which the educational offerings of Clinton may eventually provide more adequately for the wants and needs of all of the pupils. For some time all of the educational officers have realized that the school curricula ought to make more adequate provision for the manual and mechanically-minded child. The courses of study of the pupils have suffered for the lack of opportunity to study domestic science, homemaking, sewing, cooking, woodworking, shop, and practical arts. Since this need is greater on the secondary school level, joint meetings of the Board of Education and the Board of Trustees were held to consider the problem. In response to a request by the Board of Education, the Board of Trustees offered to go to the law courts to transfer to town ownership and control the Morgan School building, land, and return from investments provided that the town would finance the construction of a new secondary school building in which facilities would be provided for an expanded, enriched program. This proposal was taken to a town meeting where a committee of nine was appointed to study the problem and to report their findings to a later town meeting. In the course of their study this committee arranged for a group of impartial, unbiased experts to survey our schools and to recommend a course of action. At the present time this matter is still under consideration by the committee. It is my sincere hope that before very long the Town of Clinton will adopt a proposal to erect a new high school building which will provide generous educational opportunity for its children and in which will be found the sort of experiences which young people need in order that they may be trained properly to take their places in our complex society.

Of almost equal importance to the educational future of Clinton have been the efforts of the Board of Education and the Board of Trustees to continue to work harmoniously in order that a thoroughly integrated, coordinated school system might be developed. The impetus for further development in this direction was provided by my resignation from the Superintendency of Schools and Principalship of the Morgan School. After considerable discussion and consideration, the Boards jointly concluded that complete unification of the educational system would be more effectively achieved through the office of the Superintendent of Schools, jointly appointed and responsible directly to the two Boards for administration and supervision of the schools. Accordingly, two members were selected by each Board to serve as a Committee on Appointments. Applications were received from over one hundred candidates. All papers were thoroughly studied and thirty applicants were selected for interviews. This Committee on Appointments devoted a considerable amount of time and conscientiously arranged to meet with the candidates. At a final meeting of the committee, it was unanimously decided to recommend Dr. Floyd G. Wood for the position. At a full joint meeting of both Boards Dr. Wood's appointment was approved. Dr. Wood is a native of California where he had seven years of experience in the public schools of Oxnard and Los Angeles City. He is a graduate of the University of California at Los Angeles, where he received his A.B. degree in 1930. The following year he was a teaching fellow at the University of Southern California and received his M.A. degree there in 1931. From 1938 to 1940 he was a Teaching Assistant in the Department of Education at Yale University where he received his Ph.D. degree in June 1940. Dr. Wood brings to Clinton a wealth of previous experience, study, and training which assures to the community intelligent, effective leadership in educational matters.

Although such a statement, perhaps, is not a regular part of a school report, I do want to take this opportunity, in conclusion, to express my appreciation to the people of Clinton for the helpful cooperation they have given me during my term of office. Faculty, parents, children, and townspeople, all, have contributed to the pleasure I have experienced in the schools. Mrs. Scott and I feel that we have made many friends in Clinton whom we want to continue to enjoy. It has been with reluctance that I have decided to resign and only because I feel that a greater field for professional service has been opened to me in college work. I am certain that your schools will be excellently guided by Dr. Wood and urge that you exhibit toward him that same interest and support which you have given me.

Respectfully submitted,

GEORGE L. SCOTT,
Superintendent of Schools.

REPORT OF
Clinton Public Health Nursing Association
1939-40

Year after year the main objective of the Clinton Public Health Nursing Association endures, unaltered by the changes inside and outside the community and unaffected by a troubled world's uncertain future. Because this objective is the three-fold one of caring for the sick, preventing illness and promoting health, one can never say of the work devoted to it, "It is finished." And because this objective must always remain, in the last analysis, an ideal, we must measure the extent of its realization in terms of the victories already won and of the new conquests to which we aspire in a campaign that never ends.

A review of the steps taken in this campaign during the past year will reveal that the children of the community are of major concern to the Association. This concern manifests itself in a special health supervision program which provides needed service to the infant, pre-school and school child. Every step taken, every service rendered and every measure proposed for today's child has as its aim, not only his present physical well-being, but also the preservation and development in him of physical and emotional resources with which in mature years he can face an exacting world. That the school child himself does not hesitate to consult the nurse is indicated by an increase over the preceding years in the number of individual health inspections.

Specific activities in behalf of the children may be mentioned as follows: The Well-child conferences held monthly, has a total attendance of 187, or an average attendance of 16. The summer-Round-Up, another pre-school service provided annually, supplied a medical consultation service to 24 children expecting to enter first grade or kindergarten in September. Chicken-pox became prevalent during the school year, necessitating a greater number of visits (562 in all) to school children and contributing to the total time of 417 hours devoted to them by the nurse.

Because in the United States small-pox is present on such a scale as to constitute a national disgrace unparalleled in any other modern civilized nation, it is well to make a special mention of the immunization program of the school. Realization by an intelligent public here, that only vaccination can prevent small-pox, is resulting in such a gratifying response to the program that ultimately, in spite of the re-appearance of the disease in this state last year, Clinton may well expect to take a place high up among the safest small-pox-free towns of the nation. During the past year the work of Dr. H. R. Stone, school physician, in completing the vaccination of school children was of the highest importance. In

June, he vaccinated 67 grammar School and Morgan High School pupils. One hundred percent immunization in the Schools every year is the goal.

While work in behalf of the children goes on, other activities in the interest of total community well-being are also vigorously promoted. The Association has grown to believe that wherever there is sickness, there is the need for nursing care and teaching service, regardless of income. Though the number of nursing visits, amounting to 1,881 during the year, made to 259 patients, dropped slightly from the previous year's total, over 50 percent of these visits were made to patients needing bedside care over a long period of time. Thus the trend has been to emphasize the quality rather than the quantity of visits, thereby rendering a more effective and helpful service in the community. In providing this type of service, visits are likely to drop in number. Other facts and figures are set forth in the table adjoining this report.

Progress seldom is unaccompanied by obstacles. A decrease of collections from the Metropolitan Life Insurance Company because of a change in policy by the Company, caused a material loss of income to the Association. This fortunately was offset to a considerable degree by increase in the nurse's collections from patients. Especially noticeable was a healthy growth of cash returns from patients who accounted for a total of \$579.05. In spite of the drop from the Insurance Company, the complete collection of \$769.57 exceeded that of the preceding year.

Brief mention of the tenth anniversary during the year of the Association's birth might be made as a means of directing attention to its subsequent growth. From the time of its beginning when its office was in the Stafford Building, through a period of development marked by a new office in the Grammar School, up to the present time when we find the nurse's modern office in the Andrews Memorial Hall, its history has been one of constant growth and service. Its records disclose that from the time of its inception until now, there has been an increase of nursing visits amounting to 151 percent.

Plans for the future are definite despite the possibility of a call to participate in a program of state or national scope which the tightening and quickening of national defense efforts may entail, the major objective will remain the same. To pursue it effectively we look with hope to the establishment of a policy of periodic physical examination for school children; to the Tuberculin Test and X-Ray service in the eleventh and twelfth grades, as recommended by the State Tuberculosis Commission; to the introduction of supplementary hot school lunches as an important means of advancing and fortifying the health of the children; and to a plan for protecting children from the common cold and its possible consequences by requiring pupils to remain at home for 48 hours at the first sign of a cold. With the attainment of these goals, we shall know that an enlightened spirit of community cooperation will have given immeasurable aid to the cause of public health.

This report cannot in good conscience be brought to a close without an expression of appreciation to those who have given help and encouragement to the Association. Its friends are many — so many that to mention them all would be impossible in this limited space. To the Bureau of Mental Hygiene, to our Town Social Worker, Mrs. Marjorie Reynolds, to the Clinton Branch of the American Red Cross, to the Kelseytown Sewing Society, to the Homemakers' Club, to the Catholic Women's Council and to many more, recognition is due for unselfish and intelligent cooperation. Our cordial thanks go also to the town and school officials and teachers, to the Health Officer, to the physicians of the town, to the volunteers who assist at the Well-Child Conferences, to the Officers and Board of Directors of the Association and to the Nursing Committee whose help has been invaluable, as usual, in aiding the Association to render effective service.

Respectfully submitted,

ANNA W. ROTH,
Public Health Nurse.

REPORT OF THE BOARD OF POLICE COMMISSIONERS

September 4, 1940.

To The Board of Selectmen,
Gentlemen:

The Police Commission presents the following report for the past year, and an estimated budget for the 1940-41 fiscal year.

The Police Commission have held 12 meetings during the 1939-40 fiscal year. Our budget estimated last August 31st was \$5,234.66 and based on an experience of only two months. According to our records, we under estimated our requirements by \$372.07.

The Police Department at the present time, September 1st, consist of three full-time men and five supernumeraries, one of whom has acted as a traffic officer for 10 weeks during the past summer. All sections of the town have been daily and nightly patrolled by the police car, and during the past year the police car has patrolled town roads to the extent of 23,918 miles.

During the past year, the Police Department has investigated 511 complaints; issued 218 warnings; has made only 54 arrests; investigated 26 accidents and 34 fires; and has acted as escort at 28 funerals.

During the winter time a 22-hour daily combined traffic, watch and patrol system was in operation, and in the summer time approximately the same system was in constant operation, thus affording a maximum amount of protection and assistance to town residents and the motoring public.

Changes in personnel were made during the past year and the Police Department is, at the present time, operating under a substantial degree of efficiency.

The estimated budget for the ensuing fiscal year is as follows:

Salaries	\$ 4,988.00
Insurance on Police Car	75.00
Operation of Police Car	475.00
Police Telephone	100.00
Officers' Bonds	30.00
Emergency Wage and Equipment Fund	250.00
<hr/>	
TOTAL	\$ 5,918.00

WILLIAM A. WARD, Secretary.

REPORT OF THE HEALTH OFFICER

Since the appointment of the present health officer on December 1, 1939, the usual routine activities of the office have been carried on.

In addition to these duties, the special project of removing sewage pollution from the Indian River has been attempted.

A large part of the routine has consisted of inspections. Twenty-nine inspections of restaurants were made. Some minor changes were suggested and carried out but in general the condition of the eating places in town has been quite satisfactory. The school and one summer camp were inspected.

Nine complaints of nuisances were investigated with apparently satisfactory disposition as no further complaints have been received from these sources.

Two water samples were collected and sent to the state laboratory for analysis.

One hundred and six cases of communicable diseases were reported. The bulk of these were chicken-pox cases among the school children, there being ninety-two cases. One house was posted and occupants quarantined because of scarlet fever. No further cases appeared.

Because of the dangerous degree of pollution over the oyster beds in the harbor, the State Health Department advised the removal of sewage from the Indian River as the most important special project. Considerable resistance to this attempt was anticipated because of the expense falling directly on the property owners involved. This assumption was entirely wrong, and I want to take this opportunity to call attention of the townspeople to the public-spirited way in which the project was received.

Of the twenty-two known outlets to the river, seventeen have now been removed, and three are in process of removal. One of the remaining two is unoccupied at present. Some testing of questionable outlets remains to be done.

Respectfully submitted,

NORMAN P. RINDGE, M. D.,

Health Officer.

REPORT OF THE TREE WARDEN

August 31, 1940.

The work for the season of 1939-40 as planned was to complete the repairs made necessary by the hurricane. This was started and well in hand until the winter weather made further work impossible.

Then came the worst ice storm known for many years, which resulted in damages that were simply a tragedy. Not that large trees were brought down, nor an excessive number of heavy branches broken, but the thousands of outside tips and branches wrecked, made the work of cleaning up a long and slow process, all of which has not yet been completed.

There still remains such damage to be repaired as can be effected by bracing and the cementing of cavities, all of which are necessary in planning a long range programme of caring for town trees.

The elms were carefully sprayed. The feeding programme was well started and satisfactory results followed both operations.

There has appeared no infections or other diseases among the trees, the loss of two or three having been the result of physical causes rather than by infection or contagion.

Respectfully submitted,

F. J. REVELEY,
Tree Warden.
